

MLA and Council grapple over writing of rebuttals in St. Albert Gazette

The Question of whether or not the Mayor of St. Albert Dick Plain would have a chance to write rebuttals to what were termed inaccuracies in MLA columns in the St. Albert Gazette was left open after a stormy meeting in town hall Monday night. The small town hall annex was packed out by the public for the attendance of St. Albert MLA Ernie Jamison at a 10 p.m. appointment with council.

The meeting arose out of St. Albert's concern on various aspects of representation by the MLA and also other items in the St. Albert Gazette's MLA column and editorials.

Crux of the matter for council seemed to be the separation of the roles of the MLA as businessman, member of the legislature, and editor of the paper.

At one point it seemed as if council would invoke section 418 of the Municipal Act which would mean that Mr. Jamison would have to proceed under oath but both Councillor Rod Thronson and Mayor Plain stopped in their tracks at this point.

Said Councillor Thronson, "We have degenerated to a low point and will not reach it (our purpose) this way." Mayor Plain said, "As much as I think it necessary (to put Mr. Jamison on oath)

we do have a member of the Legislature here."

The two hour session, which saw the MLA trying to trace back a communication breakdown with the mayor on St. Albert recreation was full of promises of future co-operation between the MLA and the council, then suggestions that Mr. Jamison would be hauled before the Alberta Press Council, the Premier and the Legislature if he couldn't see the problem of being an editor and also an MLA.

"When we get an editor writing as an MLA this leads to a serious situation," said Mayor Plain.

"Look, you (St. Albert) don't know what you are doing is fair enough for an editor, but people will take that (written by an MLA) more seriously than an editor writing on a weekly in Alberta."

"If an editor makes an error that's a minor thing, though the difficulty is one of conflict of interest," added Mayor Plain.

Referring to an Hour Glass program where Mayor Plain had stated that he would take the MLA to the press council (because of the alleged conflict) Mr. Jamison told Mayor

Council offered taxpayer newspaper

SUN COLOUR Press publisher T. W. Pue attended council with an offer to send his publication to St. Albert residents at \$2.50 a year for the residential ratepayer. Mr. Pue publishes about 17 papers in Alberta and the Lac St. Anne and Lamont regions. He offered the paper "if you have a statement you are unable to get published" and

said he would have extra copies for distribution in St. Albert. He promised no regular column for municipalities but said that a reporter would be sent round on a regular basis and added that "we don't comment on local affairs," in answer to a statement by Councillor Barry Breadner welcoming neutral comment."

Plans for downtown area being made

Downtown re-development is an issue that will come increasingly closer to stage centre in the coming months. Bittorf, Holland, Christianson Architects Ltd., began a "potential development" study on September 1st.

The study involves figur-

ing out what should be in the area bounded by Grandin Road, the Sturgeon River, Perron Street and Sir Winston Churchill Avenue, and also deciding where it should go.

After the city and private interest groups criticize the

plan put out by the architects, the public will have a go at it. The first public meeting is scheduled for sometime in December.

"We could do the whole thing in about six weeks, but then there would be no time

Please turn to page 2.

Local Kinsmen win two national awards

Of a total of eight national awards distributed among 510 Kinsmen Clubs, the St. Albert Chapter took two of these. A local Kinsmen spokesman said he was almost certain this had never happened before.

The awards were presented by District 4 President Ross Allison. He came up from Calgary to award the locals the "National Expansion" and "Public Relations" awards. The club was given the "National Expansion" award for having the highest growth rate in the country. The "Public Relations" award was given the club for best use of the news media. Biggest factor in the club winning this award, according to spokesman Ken Pollon, were the articles

printed in the Gazette.

Terry Moore was given the "Outstanding President" award. This was one of two given in District 4.

The club also was given the Boake Efficiency Award for doing everything right

and complying with national regulations all year.

Vice-governor (District 4) Dave Stewart and Past-President Terry Moore represented St. Albert at the national convention in St. Johns, Nfld., held in August.

Charges pending

Charges are pending against several individuals for the destruction caused in the August 23 break-in at Sir George Simpson School.

Police would like to thank the Gazette and certain members of the public for assisting them. Further details on the case will be

available later.

Vandals caused more than \$2,000 damage at the school two weeks ago. Windows were shattered, paper and books strewn across the floor, tape recorders and an adding machine broken, the wall clock damaged and the speaker from the P.A. system ripped off the wall.

INCOMING KINSMEN executive had their first meeting Monday night. Bottom row (left to right) Secretary Gary Mix, Past-President Terry Moore, President Ken Pollon, Director Gerry Rayburn. Top row (left to right) Registrar Ray Mitten, Bulletin Editor Fred Falk, Treasurer Ron Lauder, Director Gary McDermid, Director Dave Campbell.

Plain to carry out his threat and felt that he had been called to the meeting under such a threat if in fact he had not turned up.

Later, Mr. Jamison, impatient at what he regarded as garbage talk from Mayor Plain said that he would give the mayor and the Town of St. Albert all the space they wanted for rebuttals of inaccuracies.

But when pressed further by Mayor Plain who asked, "Is that yes," Mr. Jamison would not elaborate further.

Earlier he had told the mayor that he had been elected by the people of St. Albert precisely for that purpose and not to write rebuttals.

Also, when Mr. Jamison answered with a no comment to Mayor Plain's request for the right to rebut any inaccuracies in MLA columns or editorials, it was pointed out that this was not a refusal to answer the question, but a reaction to the "garbage talk."

As the MLA and council carried on their talk, Councillor Gary Wetsch at one point interjected that it would be wise for council and Mr. Jamison to have a meeting with an agenda setting out all the various concerns which seemed to be getting in the way of a progressive and positive discussion.

The mayor had earlier touched on this by pointing out that there were at least 50 major concerns which could take council and the MLA two months of discussion apart from the immediate concerns raised by the present meeting.

Such concerns are a regional sewer and water line (council reported favorable progress on a regional sewer line agreement with Morinville Monday night and want to expedite the matter), the terms of the government policy on the cultural and recreational complex in St. Albert, transportation pro-

blems, government restricted area development, the proposed ring road, and annexation.

But whatever impression the MLA and the council left with the public who attended the meeting, there was no doubt that all parties wanted to co-operate with the MLA. There was no wish to keep on writing rebuttals ad infinitum so that eventually the public would say, "Let's clean out the whole bunch and start again."

Mayor Plain wanted communication. "Will you communicate with us before you nail them (the problems) to the cross in the MLA column - I would gladly give you everything we've got," he said, adding that he would like to see the MLA telling council where they were wrong - then "have your go in the paper."

But Mr. Jamison said that he regarded this as a threat having pointed out earlier that he only wrote after listening to the people of the constituency.

He said he represented the people in his opinions whether they were expressed editorially or as an MLA. And he also asked council to identify what were the mistakes in his columns.

Councillor Myrna Fyfe broke in admitting that the MLA had an onerous task because he had to represent such a diversified constituency.

LETTER FROM MANAGING EDITOR

Right at the start of the appointment Mr. Jamison produced a communication from the Managing Editor of the Gazette Shirley Jamison in the form of a public statement.

In that statement, Mrs. Jamison, who said she could provide documented evidence to explain her absence at the meeting, complained that Mayor Plain had seriously slurred her profes-

sional ethics and integrity by repeatedly saying in public that her letter to the Editor was refused for publication in the Gazette.

Mrs. Jamison said that when she asked him if the copy could possibly be shortened he replied that he saw that as reasonable and decided to leave with the letter. August 26 at 5:45 p.m., Mrs. Jamison said she had been informed by the composition manager that the Gazette was over set on news copy and that his copy would take about two-thirds of a page. She said that the mayor was told that half of his letter could be run that week and the remainder the following week with a cut-off point to be selected by him.

Or it was quite likely that the letter could be run in its entirety the following week but Mrs. Jamison could not absolutely guarantee it.

Mr. Jamison was then asked to send a letter to the mayor and the council regarding Gazette policy on Mayor's columns so that a similar situation would not arise later as had happened with the mayor's Letter to the Editor.

Mrs. Jamison felt that the mayor had used that letter on COLUMN space restriction to accuse the publisher of refusing his LETTER to the Editor.

Continued from page 1.

for public meetings," said architect Dennis Christianson.

The area is the core of the old town. Presently there are a couple of business blocks located in the area, but for the most part there is quite a bit of unused land.

The idea of re-development is to give the town a centre, or focus or a town image. Mr. Christianson suggested bringing the historical connotations of the area back to accomplish this. St. Albert is the oldest town in Alberta and many of its pioneers were French. One way might be to give the streets their original names back.

Another thing that could be done is to encourage businesses to create a French Canadian atmosphere (ie. outdoor cafes, cheese shops). Kimberley, B.C. is one area that has successfully carried a program like this out. All the stores have put Bavarian style fronts on their buildings in that community. This way St. Albert would become distinct from other suburban communities. He added that this sort of thing would be only encouraged, not imposed.

"It is important to have many cycles of activity within the area," said Mr. Christianson. Thus he suggests multiple zoning. The area

could contain apartments for seniors, apartments for the general public, stores, entertainment and office space. This way there would always be some activity in the town core. When the offices close, there would be shoppers and theatre goers on the street.

CIVIC CENTRE

Office space will form a major component of the downtown development. The town is planning a civic centre to house their offices and to provide room for cultural activities. There will also be office space for the province and for private concerns in the centre. The civic centre is planned as a catalyst for future development of the area. It is slated for completion by late 1977.

The town has acquired about 90 percent of the land in the area. Mr. Christianson said that most of the desired pieces of land have already been acquired. It may or may not be necessary to buy more land. Land not used by the city will be leased out.

Mr. Christianson is in favour of the town adopting the principle that for every amount of private development there should be a proportional amount of public improvement. For example if a hotel wanted to locate by the river, they might be asked to construct a pedestrian access across the river in return for permission to build the hotel.

Asked if Abbey Glen Development wouldn't detract from the downtown development, Mr. Christianson replied that they were both complimentary. The shopping complex will be relating to the downtown area by virtue of a good system of roads and pedestrian ways between the two. This way they would complement each other, because the downtown, the shopping centre and the recreation complex would form one interconnected whole.

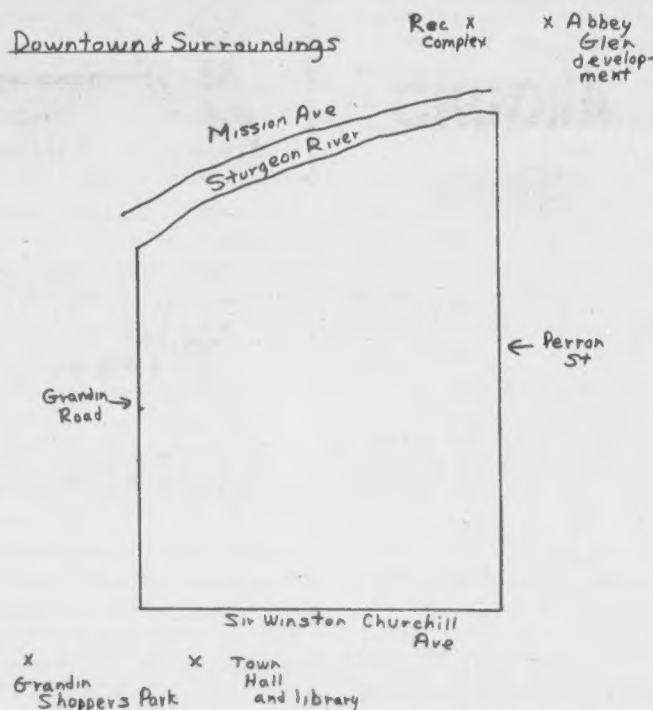

ACCESSIBILITY

"Accessibility studies are

vital," said the architect. It is not easy to get to the area. St. Anne Street is really the only access from the highway. Mission, St. Anne and Winston Churchill are major intersections from the highway that will be studied. Access from the Mission and Lacombe Park areas will also be examined. Unless access is improved, the concept will suffer.

The area will accommodate both pedestrian and vehicular traffic. Mr. Christianson supported the idea of the area serving as the major transfer zone for the bus system. He also suggested there could be rail service between St. Albert and Edmonton.

After the plan for the area is complete, the architects will provide on-going consulting services to the town to ensure that the concept for the town centre will be achieved.

MP wants action on Arctic air disaster

Stan Schellenberger, Progressive Conservative for Wetaskiwin has called on Justice Minister Otto Lang to establish an independent inquiry into events surrounding Canada's worst Arctic aviation disaster.

Schellenberger said in a statement that almost 10 months after the PanArctic Electra crashed at Rae Point NWT claiming 32 lives, "virtually none of the real questions about the tragedy have been answered."

The coroner's inquest is at a virtual standstill since the October 1974 crash with the

coroner unable to subpoena witnesses outside the Territories and PanArctic employees based in Calgary and the two survivors of the crash.

Schellenberger says the very least that can be done is for Transport Minister Jean Marchand to ask the inquest to be moved to Calgary so that the two survivors can be asked to testify.

The Wetaskiwin MP has complained that, as in so many areas, all we get from the Minister of Transport is talk instead of action.

"Council denied rebuttal of MLA column"

Mayor Richard Plain said he was denied the right to rebuke arguments set forth in the MLA column of the August 20th Gazette. He hasn't been able to communicate the way he wants to in the Gazette. At the date of the September 2nd council meeting, he hadn't been able to get the MLA to appear before council or on cable television. Friday night the mayor and MLA Ernie Jamison appeared on the television program "Hourglass."

Mayor Plain said he submitted a rebuttal to the paper on August 26. This was just before the paper went to press. He was told there wasn't enough space in the paper for his article. Part of the article could be published now and the rest later. The article was more than 2000 words.

The mayor wasn't happy about this, but he decided to think it over. A few days later the mayor received a letter from Ernie Jamison, local

MLA and publisher of the Gazette, stating that council's column should be limited to 350 words. Mr. Jamison said that copy would not be altered or edited, but the paper did not have room for overly long columns.

The mayor said that if the column was restricted to 350 words, it would take eight weeks to get his point across. He felt it would be impossible to communicate with the people that way. The mayor noted that the last MLA column was 850 words.

Council decided to ask Mr. Jamison to come to the next council meeting. They also called a press conference to rebuke the comments made in the August 20th column.

Mayor Plain said it was bad for Mr. Jamison to be both editor of the Gazette and MLA. Because Jamison was opposed to the town's policies, there was a problem in communicating council's policies and refuting charges.

He said there were "15 or

18 points" he disagreed with in the MLA column.

He said the column charges that the site for the recreation complex on Highway 2 would be dangerous for children. He said designs for pedestrian traffic had already been taken care of and that council had not yet heard the considerations of the public. This will be done at public meetings.

Coun. Rod Thronson said he couldn't remember the consultants being requested to comment on traffic conditions. He added that he doesn't agree with everything the MLA does, but he feels nothing had been done on this count.

The mayor replied that the work had been done and that Coun. Thronson would see how pedestrian access had been accommodated. Coun. Margaret Smith confirmed the mayor's comments.

Commenting on another part of the column, the mayor said that there was no agreement with Abbey Glen yet to put a large shopping centre in across from the recreation complex. Coun. Thronson said that this had been only inferred. It was not an allegation.

Coun. Myrna Fyfe said that a key point was that council's spokesman had not been allowed a rebuttal." Coun. Thronson felt that an MLA had no business sticking his head into municipal politics. Coun. Gary Wetsch

said Mr. Jamison should have seen council before he wrote the article. Coun. Barry Breadner felt that Mr. Jamison was afraid to debate on television because he didn't have all the facts.

The mayor went on to say that it wasn't true that the town would be going it alone on the recreation complex, as Morinville had signed an agreement. He called Jamison's comments on this "slant, smear, assertion."

NO SAVING

The column said that if the Fountain Park site had been chosen, the town could have saved \$24,000 a year rent for the property. The mayor noted that the city only owned eight acres of this land. This would be not enough land to house the complex. He said there would be no saving by choosing the Fountain Park site.

Coun. Smith said that it has been disturbing that there has been difficulty in communicating with the MLA. She added that council shouldn't try to set up "a vendetta" against the MLA. Council should try to improve communications. She added

that this requires effort on the part of the MLA.

There was considerable debate on how to present council's view.

The mayor suggested that a provincial legislative committee to investigate the matter was not out of the question. "There has to be someone to bring Jamison to the table."

Coun. Fyfe instead suggested council send out one more letter to the MLA asking him to come before council. Council eventually decided to go this route.

Other suggestions were to print the mayor's rebuttal as an ad in the Gazette or to ask the Gazette for a printed retraction.

INTERVIEW WITH MAYOR

Mr. Jamison shouldn't have used his MLA column to comment on the town's politics. He should have instead approached council in person, and sorted out his facts.

This was the gist of Mayor Richard Plain's comments in an interview with the Gazette last Wednesday. The interview was in lieu of the press conference given the same day.

He felt that since Mr. Jamison was in provincial politics rather than local government, he shouldn't interfere with civic politics. "It would be like Peter Lougheed writing a column telling Calgary what to do."

He said that in this country powers are separated into various forms of government - municipal, provincial and federal. In small areas, the MLA sets down the law. However, he added that this was not the case here.

Commenting on that part of the August 20th article which stated "the architects were hired and the planning begun before government regulations were laid down. Now we find we must increase the cultural component to 25% and the drawings must be revised if all are to be in one complex." The mayor said that it wasn't clear just what the cultural component percentage should be. In other words, the percentage could be laid down as 25% in order for the town to qualify for the extra funding. Or, it could be less or more.

He added that the money bylaw would be coming out soon. The real cost to the town would be laid out then.

Annexation by Edmonton

In lines 1, 2 and 3 of an editorial contained in the September 3, 1975 edition of the St. Albert Gazette - seemingly written by E. Jamison, MLA - it was claimed that the Mayor's (in actual fact the entire Council's) concern that

"Edmonton is about to infringe on the town boundaries or is trying to annex the town is unfounded." After levelling this charge, lines 10, 11 and 12 of the MLA's column are devoted to describing the fact that the MD of Sturgeon and the City are purportedly carrying out negotiations regarding the effects that annexation of the land in the area would have on the MD's assessment base. According to Mr. Jamison,

"The MD would be losing a fair amount of assessment and it was agreed that the two municipal bodies (Sturgeon and Edmonton) would work out a satisfactory solution."

It is suggested that if cognizance is taken of the fact that the City of Edmonton's Council still adheres to the Hanson Line boundary proposals which clearly includes the annexation of St. Albert as one of its objectives that the citizens of St. Albert have some excellent reasons for doubting the MLA's seeming clairvoyant belief that "all is well" in terms of the effects that the City and the MD's annexation plans and/or discussions will have on St. Albert. Mr. Jamison may feel that annexation of the land in the area would serve the best interests of those members of his riding who reside in Castle Downs and the MD of Sturgeon; however, the Town Council is determined that the maximum benefits for the residents of St. Albert will be obtained as a result of any changes in boundaries or land-use in the area. The local government of St. Albert has only St. Albert interests to serve. This may partially explain the extreme differences in the viewpoints

held in this matter by the MLA and the Town Council.

GREEN BELT

It should be noted that the Minister of the Environment has stated that the Province of Alberta does not have jurisdiction over the annexation of the "Green Belt" - the Edmonton-St. Albert Restricted Development Area. As matters stand, the Province must approve land use proposals in the "Green Belt." It does not control nor could it interfere with an Edmonton proposal to annex all or a part of the Green Belt. The MLA has left the impression that the Green Belt is inviolate in terms of annexation proposals. This is totally incorrect.

REGIONALISM

St. Albert has vigorously pursued the question of regional co-operation development (regional boards, shared-industrial assessment water, sewer and regional councils) over the past eight months. A meeting was held on June 26, 1975 with the members of the surrounding municipalities - MD of Sturgeon did not attend and Legal was absent - to discuss the manner and way that a number of regional concerns could be best forwarded to the benefit of all residents.

At the present time St. Albert has signed a regional recreation agreement with Morinville. In addition the town is awaiting word from Morinville in order to commence the process of negotiating the terms of a regional sewer tie-in which has been approved in principle. It should also be noted that the results of the St. Albert water study (completion date October 1, 1975) will resolve the questions centered around the economic feasibility of providing regional water services to a number of municipalities in the area.

The matter of industrial assessment can not be

discussed in any detail until all parties are willing to set down to the table. St. Albert plans to develop light industrial lands within its own borders if the proposals are feasible, and it remains willing to commence studies on shared industrial assessment once all municipalities are prepared to consider the matter in an analytical manner. As matters presently stand, the town has forwarded a proposal to the A.U.M.A. regarding province-wide sharing of this tax revenue. The Municipal Finance Council is considering the issue; however, it has not been resolved to our knowledge. It is submitted that the St. Albert Town Council has taken major steps to initiate the provision of viable regional services in the area. The MLA's attempts to give an opposite impression are totally unwarranted.

SUBMISSIONS ON TRANSPORTATION

The Town of St. Albert has a Transportation Steering Committee that has been carrying out indepth studies of all facets of the internal and external transportation links pertaining to the town. Members of Council, the City of Edmonton Transportation Department, the Provincial Government (Department of Transportation), the Town Civil Service, the MD of Sturgeon and the Town's Traffic consultants are all represented on this body. A number of preliminary indepth studies have been carried out; however, none of these can be construed as the final resolutions of St. Albert's traffic problems. The point to note is that St. Albert is working closely with all the relevant agencies

and governments and working diligently to formulate proposals that will resolve the town's traffic problems.

The procedures to be followed regarding transportation submissions have been set out by the Minister of Transportation - the Hon. H. Horner. I have held an extensive discussion regarding the procedures which will be followed with the Assistant Deputy Minister of Transportation. We are presently awaiting word from the Provincial Government for the Policy level meetings to commence - hopefully in September.

Mr. Jamison's ad hoc attempt to resolve matters in a one-shot session or two are interesting, however, they are not part of the laid-down procedures which the Department has distributed to the various municipalities nor are they liable to be particularly fruitful until Ministers of the Crown or other senior policymakers add some credibility to the proceedings. Useful "chats" on a multitude of factors can occur between municipalities; however, no serious results can be expected until the requisite analysis has been carried out and senior people are brought to the negotiating table.

In closing, the purpose of this has been to attempt to clarify some of the incorrect information and misrepresentation of Council policies and activities which have been consistently set out by the MLA in this constituency over the past few weeks either under the guise of editorials or MLA columns contained in his paper.

Richard H. H. Plain,
Ph.D. [Econ.]
Mayor,
Town of St. Albert.

Quit squabbling Mr. Mayor

Our mayor is crying "foul" because of some honest criticism over the placement of the recreation complex and proposed shopping centre.

As a politician he is open to criticism good or bad, "you know you can't please all of the people all of the time." Mr. Jamison has expressed his opinion and the opinion of people who saw it necessary to talk to him about this, as he has every right to do. Where they put a shopping centre is not important but a recreation complex will be used 90% of the time by our children and

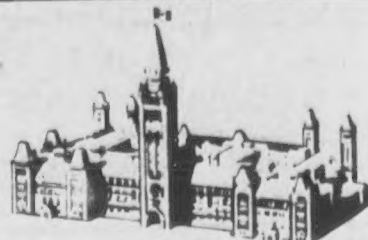

teen-agers and Highway #2 is not realistically the ideal location, or is this complex going to be dedicated to the hard work of our council and therefore placed for everyone to see and admire rather than where it would be best suited, safety wise, for the children of our community.

Mr. Mayor quit squabbling, grow up and take a good look at what you're building - "A Recreation Complex" and then get down to business and build it for our children.

Mrs. C. Murphy,
St. Albert.

OTTAWA and Small Business

The paperwork jungle

By KENNETH McDONALD

Ottawa says business won't be hurt by that 10-cent a gallon raise in the federal gasoline tax because it can be reclaimed. Which just shows how remote the mandarins are from reality. How much will it cost to keep track of the extra tax? What happens to cash flow while waiting to get it back? How many new forms will have to be filled out in how many copies? What about the extra costs to suppliers? They, too, have to pay more every day so how do they hold their prices?

Dr. Donner, the economist, calculates the extra 10-cent tax, plus the \$1.50 rise in the price of crude oil (most of which is tax), plus the rise in natural gas rates, will bump the Consumer Price Index by three per cent by July of 1976. If all this is in aid of saving fuel, why not reduce the speed limit to 55 mph and save lives as well? Ottawa says the 10 per cent tax is to help pay the cost of importing foreign fuel to Quebec and the Maritimes. But gas is selling for 61 cents in Quebec versus 75 cents in Ontario!

Gas, beef, eggs - once Ottawa gets into the pricing business it distorts the market system. As if new battalions of civil servants can regulate demand and supply as effectively as millions of Canadians do every day by their individual choices. Even worse is the growth of paperwork that results from each new Ottawa ruling. A national survey

conducted for the first two quarters of 1975 by the Canadian Federation of Independent Business showed "government regulations and the paperwork burden" to be the single most important problem facing businessmen today.

The effect of all the interference from Ottawa is to discourage businesses from expanding. Who wants to grow bigger when growth merely aggravates the problems? More business means more taxes, more paperwork, more personal worry in a 70-hour week to satisfy the 9 to 4 experts in Ottawa.

Canada could grow and prosper by encouraging small business to develop. Encouraging this would also strengthen the commercial base of Canada's smaller communities and help reverse the movement to big urban centres. Ottawa could help this in a positive way by setting aside a proportion of all government contracts for small firms. Ottawa's Supply and Services Department could set the example for the provinces to follow. How about it, Mr. Goyer?

It's sometimes said that in Canada today the only growth industry is the civil service at all three levels. But as it grows, it imposes more restrictions, more harassment, more paperwork on a business community struggling to produce the goods and services on which Canada's prosperity depends.

Sewage facility opens here

Mayor Richard Plain termed the new sewage treatment facility a boon to not only the Town of St. Albert, but also to the whole region. He then unveiled the plaque at the pumping station, cut the ribbon and flicked the switches which set the system into operation.

Thus after several years of hard work and a five million dollar investment, the system was finally put into operation last Thursday. Its capacity can be expanded to handle a total of 105,000 people and will relieve the overloaded treatment plant at Big Lake. The new facility will be located 12 miles east of the town on the banks of the North Saskatchewan River.

The opening ceremonies started at town hall, where about 20 officials of the town, the surrounding municipalities and Stanley Associates Engineering Ltd., piled into a Greyhound Bus and travelled to the pumping station located on Sturgeon Road.

The facility was officially opened about 2 p.m. Both the mayor and Dr. Don Stanley spoke. Dr. Stanley, head of the firm of consulting engineers, said that after long study it was determined this was the best long range solution to St. Albert's problems. St. Albert will be more independent of Edmonton not having to hook into the city's facility.

The opening of the pumping station was followed by an inspection of the building. Later coffee and doughnuts were served. The party then piled back into the bus and

travelled to the lagoons near the North Saskatchewan River.

HOW IT WORKS

Project Manager Norm Nuttall explained how the system will work. The pumping station (interceptor) will collect all the sewage from the smaller lines. The station is fully automatic. All that needs to be done is to have a person check it once or twice a day, and do the maintenance. In case of a power failure, there is a gas engine to automatically take over. Once power is restored the gas engine shuts off again.

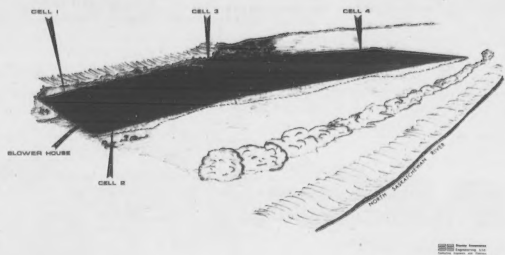

Further east on the line, there is a lift station to take the sewage up the hill. The sewage travels downhill the rest of the way to the 269

acre treatment facility.

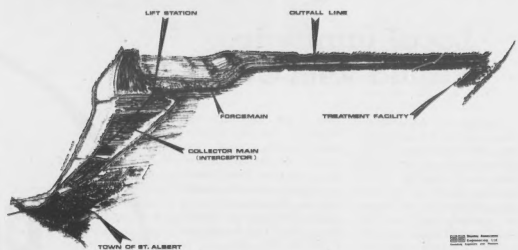

At the facility the sewage is dumped into the first small lagoon where oxygen is pumped into it. It is here that oxygen from the lower house compressors is blown hardest. The sewage then goes from "Cell 1" to the second pool. The sewage is kept in Cell 1 and 2 for two days.

Oxygen reacts with the sewage and treats it biologically. In Cell 3 the sewage is kept for 28 days, but by this time there is considerably less oxygen pumped in. The sewage is kept in Cell 4 for five days, after which it is discharged into the river. In Cell 4 there is no oxygen being pumped into the sewage. It is a polishing pond where sediment is allowed to drop off.

Willas - Rubuliak wedding

A lovely wedding was solemnized August 16 at Newman College Chapel when Sharon, eldest daughter of Mr. and Mrs. Gordon Willas of St. Albert, was united in marriage to Don, eldest son of Mr. and Mrs. John Rubuliak of R.R. 2 St. Albert. Father Ron Poirier

performed the double ring ceremony.

Readings were given by Misses Sandy and Donna Willas, also Nancy Rubuliak.

Brian Willas and Linda Rubuliak acted as witnesses, while Kevin and Diane Willas presented the offering.

The bride looked radiant in

a gown of white dotted nylon voile featuring scoop neckline and bell sleeves. An inset of yellow satin ribbon accentuated the full skirt. The same trim outlined the waist and fell into triple streamers at the back. White and yellow daisies and baby's breath flowed from the white basket she carried.

A white picture hat adorned with white satin roses completed her ensemble.

Appropriate musical selections were rendered by June Borle accompanied by Misses Joan McQuitty and Jocelyne Durocher.

Following the nuptial mass a banquet and dance was held at the Ukrainian Youth Unity Centre with music provided by the Golden Altos.

Mr. Bill Miller, uncle of the bride, was master of ceremonies, while Doug Norris, a friend of the family, proposed a toast to the bride and groom, to which the latter replied.

Following a honeymoon to Victoria, the happy couple will make their home in Edmonton.

Miss Sandy Willas, daughter of Mr. and Mrs. Gordon Willas, has been awarded a higher education bursary from the Grand Lodge of Alberta. She is enrolled in the faculty of Education at the University of Alberta.

DON RUBULIAK and Sharon Willas married recently at the Newman College Chapel.

CAUGHT IN THE ACT - a roving Gazette photographer found garbage being dumped this week in spite of a sign to the opposite at the St. Albert municipal dump.

Local family in Papua with CUSO

Pat and Eric Waterton and their two pre-school children of 4 Michener Place left St. Albert in July to work in Port Moresby, Papua New Guinea for two years on a CUSO assignment. Eric, a curator of anthropology at the Provincial Museum and Archives in Edmonton, possesses an M.A. in anthropology from U.B.C. He has received a leave of absence from his position here, in order to assist the National Museum in Papua New Guinea. His duties there will include organizing and curating collections in preparation for activating a new museum to be constructed this year; participating in ethnographic field trips throughout the country; helping to design the facilities

within the new museum building; planning publications; training local curatorial staff. At the time of their departure from Canada a position had not been found for Pat. She possesses a Bachelor of Library Science from U.B.C. It is hoped that a position that allows her to use her skills in library science may be found once they are settled in Port Moresby.

CUSO (Canadian University Service Overseas) is a private, non profit organization that recruits qualified people in Canada to work in developing countries. For further information write CUSO, 2-5 University Hall, the University of Alberta, Edmonton, Alberta, T6G 2J9 or telephone 432-4145.

Council briefs

"Council should never go this route again," said Town Administrator Robert Byron at the council meeting held September 2.

Mr. Byron was speaking about the Lacombe Park Kinsmen Community Centre which is slated to open September 14 in Lacombe Park. Mr. Byron emphasized that he was not pinning the blame on anyone for the difficulties and high costs of the project.

A letter from the Kinsmen Club pointed out several things that still had to be attended to. There is water leaking into the storage room next to the lower entrance. The carpet in the area was soaking wet. The quarry tile still remains in a very unsatisfactory condition throughout the building.

The letter also mentioned the fact that the window condensation problem in the upper meeting room had not been attended to. There is much yet to be done in the lower floor area with respect to wall covering. The upper patio level has no protective railing on the east side. The Kinsmen were concerned that anyone falling off could be seriously hurt. Nothing has been done over the past eight weeks about the exterior, levelling and berming.

Kinsmen project chairman W. L. Hite also emphasized the need for a comprehensive maintenance and security program.

Mr. Byron said that the difficulties of the project lay in the size of the job and problems of liaison with all of involved in such an enter-

prise agency involved. Council should look at all the implications before getting prize again.

Council seemed to be in agreement. St. Albert town council voted to give further study to the proposal to locate the old NWMP building at Bridge Park.

Mayor Richard Plain said that there was need of an analysis of what the problems would be in locating the building in the park near the Sturgeon River. It was learned at the August 25 meeting that costs had gone up to nearly seven times the original estimate.

Coun. Margaret Smith said council should do something with the building soon before it deteriorates. However she moved that the item

be under referral.

Coun. Rod Thronson and Coun. Myrna Fyfe were in favour of locating the structure at the park.

"It's time to move on," said Coun. Thronson. He felt that the location was an ideal one and that the idea was not a 'quasi-commercial' one as Coun. Barry Breadner

had suggested.

Coun. Fyfe felt that the fort would already be close to an historical area and thus would fit right in.

Coun. Breadner and Coun. Frank Lukay felt the fort would destroy the park.

"We should leave our parks to be parks," said Coun. Breadner.

The building has been proposed as a tourist information centre and also as a base for the local Chamber of Commerce.

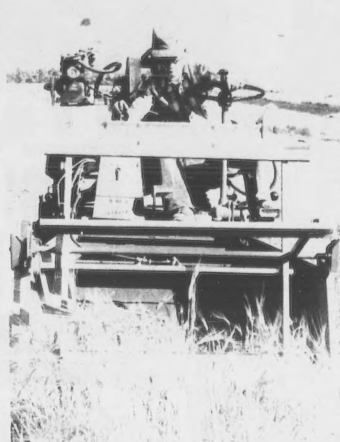

Following are some of the highlights from the regular council of St. Albert, September 8. Chairwoman was Councillor Margaret Smith with the mayor and all other councillors present.

COUNCIL MOVED that the traffic problem on Bishop Street be referred to the administration for further financial study following a request from St. Albert resident Will Thiele to better the situation in the street.

COUNCIL PASSED a motion to authorize Stanley and Associates to work on the electric power franchise agreement between the Town of St. Albert and Calgary Power. It was pointed out that there had been no franchise agreement since the last one elapsed in 1968.

COUNCIL APPROVED a motion for Carma Developers Limited to install the underground utilities at River lot 46 on the condition of the posting of a bond and at the risk of the developer.

COUNCIL PASSED a motion calling for a meeting of organizations who are associated with the senior citizens facility project. Mayor Dick Plain wants to get on with choosing the site so that the building can be built with minimum delay.

MINI-HARVEST scene in the MD of Sturgeon at an experimental grain breeding lot; you won't see a combine harvester this size every day of the week as it is designed for limited size operation only. Scene is in the Lamoureux area of the MD of Sturgeon on land rented out by two local farmers.

More discussion on recreation and culture terms ...

The Town of St. Albert is expected to meet again with the provincial government to discuss the cultural component in the town's major cultural recreation facility.

It will also discuss that section of provincial government regulations which state that not less than 25 per cent of all grant monies shall be paid out for approved projects consisting of recreational facilities designed to accommodate cultural activities.

At the regular meeting of

town council Monday night Mayor Dick Plain asked what was the definition of culture and what recreation. He said the whole problem had to be straightened out in dollar terms and hoped that the problem ended with St. Albert.

He pointed out that the problem over the two terms of definition was still going on following a review by the provincial government. There was still no definition and council were still trying to understand what the defini-

tion was.

Councillor Rod Thronson felt that council was moving ahead in a complete vacuum with no complete details on a final clarification.

"We jumped in before the final (government) regulations came out," he said.

Due to the fact there is kindergarten being held at the United Church, the Mother's Day Elk program

will begin October 1st and continue every second Wednesday until further notice. The program is set up to

give mothers a break from their routine. ** **

Last Friday's senior citi-

zens dance was enjoyed by 280 people. The dance went on until after 12. Many people said they wanted a dance held once a month.

Wine and beer were served. It is reported that dance organizers had to go back to the vendors a couple times for more spirits.

The band played wonderful music. It has been suggested the seniors form their own band. ** **

Try the TOUCH-TONE speed test here!

Get Ready...

This Touch-Tone is shown full size. How fast can you tap the numbered keys? When you try it on the Touch-Tone photo, remember: it's just as quick and easy on a real Touch-Tone phone.

Now you've proved it to yourself—Touch-Tone IS faster. Two or more times as fast! Not quite convinced? Next time you use a Touch-Tone pay phone, notice how your fingers fly over the keys. You'll agree—Touch-Tone is the fast phone!

Order your Touch-Tone phone today—just call our local business office.

Get Set...

to see how quickly you can tap out a 7-digit number. Of course, in this test you won't hear the musical Touch-Tone notes. But you'll see how fast your fingers are. You'll be just as fast on the real thing.

Go!

Are you timing yourself? Let's make it a "best out of three" test. Touch-Tone can improve your speed every time you make a call!

MR. AND MRS. DAVID HANNEMAN

The late afternoon of August 2, 1975, the Evangelical Lutheran Church of St. Albert was the setting for the exchange of marriage vows between Linda Cheryl Wilson and David Karl Hanneman. The Reverend Raymond Olson officiated at the double ring ceremony.

Linda is the eldest daughter of Mr. and Mrs. Ronald Wilson of St. Albert and David is the son of Mr. and Mrs. Karl Hanneman of Fort Saskatchewan (formerly of St. Albert).

Mrs. R. Olson played the wedding music and Miss Myrna Reid was soloist. The altar was banked with white and pink gladioli.

The groom was escorted to the altar by his parents. A beautiful and moving Wedding Prayer was given by Colleen Wilson, sister of the bride.

Mrs. Eleanor Wilson, mother of the bride was escorted up the aisle by the ushers, Dale and Clark Wilson, brothers of the bride.

The bride entered the church on the arm of her father. Linda chose a traditional gown of an Empire style with a Princess Ann collar and a lace bodice, complemented by an A-line skirt of bridal satin. The skirt featured a gently and beautifully flowing lace train. A cascading shoulder length

veil was held in place by a circlet of pink and white rosebuds. She carried a bouquet of pink sweetheart roses interspersed with matching sprays of rosebuds and accented with baby's breath.

Attending the bride were Karen Wilson, sister of the bride and sister of the groom, Donna Hanneman. They were attired in Princess Ann gowns of flocked pink and green floral over green satin complemented with green velvet trimming. Circlet headpieces were sprayed with pink rosebuds and green and white leaves. The bridesmaids carried bouquets of pink carnations, white mums and baby's breath.

The best man was Jim Inglis and the groomsman was Richard Hanneman, brother of the groom.

The mother of the bride wore a blue chiffon over satin printed with white and pink roses. The gown featured a beaded Empire waist. Her corsage was pink roses surrounded by pink sweethearts.

The mother of the groom wore a pink crepe gown featuring pleated sleeves and a flowing pleated skirt. She wore a corsage of pink and yellow roses.

Following the ceremony a reception was held at St. Albert Community Hall. The master of ceremonies was Mr. Robert Laing of Dids-

bury, uncle of the bride. The toast to the bride was proposed by Mr. Gordon Wilson of Vancouver, uncle of the bride. The bridesmaids were toasted by Jim Inglis, best man. Mr. John Kitsco of Edmonton, great uncle of the bride, proposed a toast to Mr. and Mrs. Steve Belenky of Carstairs. Mr. and Mrs. Belenky were honored guests and are the grandparents of the bride.

Miss Lorraine Wilson, sister of the bride, proposed a special toast to the parents on behalf of the bride and groom. Lorraine and her cousin Jo-Anne Voss of Beausejour were charming attendants of the guest book for the evening.

Supper was followed by a lively evening of dancing to the music of the Satellites.

A Sunday luncheon reception was held at the home of the bride's parents, honoring the bride and groom and included a family reunion of the couple's relatives.

Special out of town guests were Mr. and Mrs. Keith Trudeau, cousins of the groom and Mrs. Marg Trudeau and Mrs. Florence Trudeau, great aunts of the groom, all from Ottawa.

Other out of town guests were from Winnipeg, Minnedosa, Lone Rock, Meadow Lake, Grande Prairie, Didsbury, Olds, Stony Plain and Vancouver.

Following a honeymoon to Banff, Radium and the Okanagan Valley, Mr. and Mrs. David Hanneman are now residing in their home near Fort Saskatchewan.

Services held for Kim Doering

KIM DOERING

Funeral services were held Tuesday, September 2nd at Park Memorial Chapel for Kim Raymond Doering who was killed in a motorcycle accident in Edmonton on August 29. He was 18 years old.

Pastor Roy Olson, formerly of St. Albert Evangelical Lutheran Church and now at

Camrose, conducted the services for the young man, whom he had confirmed in the Lutheran Church. Hymns were chosen by the family. Following interment in Evergreen Memorial Gardens luncheon was served by women of St. Albert at the church hall.

Kim was born in Edmonton and attended Grosvenor School before moving to St. Albert with his family eight years ago. He attended Sir George Simpson Junior High and Paul Kane High here. At the time of his death he was working at Master Craft Cabinets and living in Edmonton. He was an avid outdoorsman and particularly enjoyed camping.

Kim is survived by his parents, Harold and Trudy Doering of Gordon Crescent, one brother Randy, sister-in-law and nephew Chevron of St. Albert, two sisters Mrs. Karen (Stewart) Edey of Red Deer and Barbara, at home; paternal grandparents, Mr. and Mrs. Alex Doering of Hinton and maternal grandfather, Mr. Martin Leddy of Edmonton.

United Church to begin fall programming

The St. Albert United Church having again enjoyed the summer break of joint Anglican-United Church services is ready to begin its fall programming. Many new things are happening this year. One of the most obvious will be the increased activity during the week days. Until such time as the Ronald Harvey School is completed the church will host kindergarten classes. We are happy to be able to assist the school district in this way.

This necessitates some other changes. The Mother's Day Out program is one area but there will be changes

within church programming as well. The Help Society has agreed to change MDO from Thursday to Wednesday and for the months of September and October to operate every alternate week. These dates are October 1, October 15 and October 29. We appreciate their co-operation in this matter.

The other major change is in the Sunday School program. Because of over-crowding in our own building we have found it necessary to expand our use of other facilities. For many years boys and girls from Grade 4 up have met in the Community Hall. This year all

boys and girls from Grade 1 and up will meet at Sir Alexander Mackenzie. These children will be bused back

to the church at the close of each session.

Sunday School will commence on Sunday, September

21. The nursery for children two and under is adjacent to the sanctuary. Classes for 3, 4, 5 year olds

are held in the church basement. All school age children will meet at the gymnasium of Sir Alexander Mackenzie School.

David Neeser Memorial Awards announced

The St. Albert Kinsmen Minor Hockey Committee wishes to thank the public for generously giving to the David Neeser Memorial Fund.

Almost \$200 was raised by the Kinsmen from private donations. The club will soon

determine how much they will contribute themselves.

David Neeser was a local man who was killed in a traffic accident May 25. He was a local supporter and fan of hockey. His family were long time residents of St. Albert. David played defense in the midget league and

later coached the representative midget team that toured the surrounding area.

Appropriately the fund will be used to purchase a memorial trophy to be awarded the best defenseman on the midget double B provincial team. It will be called the David Neeser

Memorial Trophy.

Remainder of the funds will be used to purchase the David Neeser Memorial Trophy case to house locally won hockey trophies. The money will be set aside until the new recreation complex is built. The case will then be placed in the complex.

St. Albert Lady Lions meeting held

The September meeting of the St. Albert Lady Lions was held at Club Mocambo on Monday evening. This was the opening meeting of the

new season and President Marilyn Gariepy was in the chair.

Reports were heard on the assistance given by the Club

to Camp He Ho Ha.

Lions International Walk-a-thon will be held in St. Albert on September 21. Cindy Ryley is being sponsored by the Lady Lions. Anyone else wishing to sponsor Cindy call - 459-8379 and your pledges will be picked up.

Notice of the October meeting will appear in The Gazette.

St. Albert looks at nine resolutions to go to AUMA

St. Albert could be sending nine resolutions to the Alberta Urban Municipalities Association convention coming up in October.

They first will try to get uniform procedures adopted in all government departments in the area of municipal-provincial government protocol, another will seek government aid against the ravages of inflation in the purchasing power of the municipal dollar and a third asks that the government will grant the same status to a municipality - the granting of the 10 per cent regional funding - as granted now to Edmonton and Calgary.

Another resolution wants provincial regulations to be amended to allow local governments and boards to determine the percentage of recreational and cultural facilities which best serve the interests of the people within each community. Mayor Dick Plain said that the government had no right to impose on the province a definition of culture and it was up to the people to decide what was cultural. However Councillor Rod Thronsdon said that unless there was a definition imposed by the government "we'll lose out on many things." "Smaller voices will never be

heard as loud as the recreation bodies," he added.

A further resolution wanted local governments to be allowed to hold the right to select their own priorities within an overall budgetary limit imposed by the Federal and Provincial Governments. The final resolution called for the provincial government to "increase the investment in human capital of the people of Alberta by substantially expanding their support for all types of Preventive Social Service programs."

Councillor Barry Breadner added another two resolutions of his own, one for more green recreational sites closer to home and another for increased government support for industry in high growth rate municipalities.

Another resolution brought in from Councillor Margaret Smith called for a better ambulance service to fit into the overall regional health care delivery system.

ENGAGEMENT ANNOUNCEMENT

Mr. and Mrs. Ernest Meunier are pleased to announce the engagement of their second youngest daughter Yvonne to Brian, eldest son of Mr. and Mrs. Fred Scott, all of St. Albert. Wedding to take place next summer.

IN MEMORY OF George, Pearl, Crystal and Colleen Hodge PASSED AWAY SEPTEMBER 6, 1974.

SPECTRUM

MARK MacDONALD [second from left] was the lucky winner of a 1975 Plymouth Colt this week. Next to him is his wife. They both reside at 23 Maple Drive, St. Albert. The car was presented by Ross Quinn [left] and Lisle Kivell [far right]. Proceeds from the car went to contribute artificial ice at the new Morinville arena.

DISTRICT 4 PRESIDENT Ross Allison presents public relations award to local Kinsmen past-president Terry Moore at Kinsmen meeting held Monday night. Local Kinsmen won two of eight national awards - for public relations and achieving the highest growth rate in their membership.

Town's population shows increase of 2000

Recently released census figures show a population of 21,343 for St. Albert. This figure shows an increase of almost two thousand people from last year. Over the last six years, population has more than doubled.

The Grandin area is the largest district. It has a population of 7,590. Sturgeon Heights follows with 2,907. Forest Lawn has

2,851, Braeside 2,818, Mission Park 2,429, Lacombe Park 2,206 and Akinsdale 542.

On the average there are 3.76 people living in one dwelling. Single family seems the most prevalent type of dwelling. There are about 4,800 of these as opposed to 261 apartments (mostly in the Mission area) and 457 condominiums (mostly in the

Grandin area). Most St. Albert residents own rather than rent their dwellings. In fact only about 12 percent of the dwelling units are rented.

Breakdown of the census figures show 10,911 males and 10,432 females.

Breakdown according to age show 3,038 people between the age of less than one year to the age of five

years. There are 2,564 people aged 6 to 10; 2,676 people aged 11 to 15; 1,701 people aged 16 to 20; 1,328 people aged 21 to 25; 2,647 people aged 26 to 30; 2,233 people aged 31 to 35; 1,601 people aged 36 to 40; 1,297 people aged 41 to 45; 808 people aged 46 to 50; 561 people aged 51 to 55; 299 people aged 56 to 60; 190 people aged 61 to 65 and 400

people over 65.

Included in the census was a survey on garbage collection. It was found that 75.9 percent of the residences in town were in favour of carrying out their garbage to the street, rather than having it picked up at their doors.

Seventeen percent were against and the remaining residences were either undecided or unavailable for

comment. Akinsdale voted 93.0 percent in favour of carrying out their garbage, while only 54.3 of Sturgeon Heights residents opted to carry out their garbage.

A review of the town's population figures shows a steady increase over the past five years - 1969 - 10,191; 1970 - 10,530; 1971 - 11,249; 1972 - 12,637; 1973 - 15,088; 1974 (June) - 19,418; 1975 (June) 21,343.

PUBLIC MEETING

IN THE PAST YEAR CAPITAL CABLE CHANNEL 11 HAS PRODUCED PROGRAMS BY THE COMMUNITY - FOR THE COMMUNITY PROGRAMS SUCH AS TOWN COUNCIL - PETS & HOBBIES - CANINE KINGDOM - THE RECREATION QUESTION - HOCKEY - LACROSSE - ETC.

IF YOU WOULD LIKE TO BECOME INVOLVED IN THIS COMMUNICATION PROCESS FORM AND BE PART OF A PUBLIC BROADCAST MEDIA GROUP - TAKE TIME TO ATTEND A PUBLIC MEETING TO DISCUSS THE UPCOMING YEAR AND SEE THE PRODUCTION OF A LIVE ½ HOUR PROGRAM.

MEETING TIME IS 7:30 P. M. AT THE STUDIO

107 STURGEON SHOPPERS PLAZA ST. ALBERT

Newcomer Executive Installed

SMILING NEWCOMERS TO ST. ALBERT - standing from left Alette Mead Doreen Gare, Laverna Quinn, Joan Monson, and Beryl Lukaniak; front row from left: Margaret Tanner, Hammy Dueck, Judy Murray, Joyce Bevan and Bonnie Devitt.

Over 200 Newcomers and members attended the first Welcome Wagon Newcomers Club meeting of the season. The Club which is entering its 10th year meet monthly at the St. Albert Community Hall.

Monday evening the new executive were installed in an informal ceremony performed by Welcome Wagon hostess Doreen Gare. Members of the executive are as follows: President - Laverna Quinn; Vice-president - Judy Murray; Treasurer - Margaret Tanner; Secretary - Beryl Lukaniak; Membership Chairman - Alette Mead; Sunshine Membership - Bonnie Devitt; Reservations - Joyce Bevan; Hospitality - Joan Munson and Publicity Chairman - Hammy Dueck. Following the installation Doreen Gare introduced Welcome Wagon hostesses Lesley Hogan, June Wetsch and Lynnette Baisch.

Teach him gently...if you can

By Dan Valentine

My young son has just started to school . . . It's all going to be strange and new to him for a while, and I wish you would sort of treat him gently.

You see, up to now, he's been our little boy.

He's been boss of the backyard . . . His mother has always been around to repair his wounds, and I've always been handy to soothe his feelings.

But now things are going to be different . . .

This morning he's going to walk down the front steps, wave his hand, and start out on the great adventure. It's an adventure that will probably include wars and tragedy and sorrow.

To live his life in the world he will live in requires faith and love and courage.

So, world, I wish you would sort of take him by his young hand and teach him the things he will have to know.

Teach him, but gently . . . if you can.

He will have to learn, I know, that all men are not just, that all men are not true.

But teach him also that for every scoundrel there is a hero . . . that for every selfish politician, there is a dedicated leader . . . Teach him that for every enemy, there is a friend.

It will take time, world. I know, but teach him, if you can, that a nickel earned is of far more value than a dollar found . . . Teach him to learn to lose . . . and to enjoy winning.

Steer him away from envy, if you can, and teach him the secret of laughter.

Let him learn early that the bullies are the easiest people to lick . . . Teach him, if you can, the wonder of books . . . But also give him quiet times to ponder the eternal mystery of birds in the sky, bees in the sun, and flowers on a green hillside.

In school, world, teach him it is far more honorable to fail than to cheat . . . Teach him to have faith in his own ideas, even if everyone tells him they are wrong . . . Teach him to be gentle with gentle people and tough with tough people.

Try to give my son the strength not to follow the crowd when everyone else is getting on the band wagon . . . Teach him to listen to all men . . . but teach him also to filter all he hears on a screen of truth and take only the good that comes through.

Teach him, if you can, how to laugh when he is sad . . . Teach him that there is no shame in tears . . . Teach him there can be glory in failure and despair in success.

Teach him to scoff at cynics and to beware of too much sweetness . . . Teach him to sell his brawn and brains to the highest bidders but never to put a price tag on his heart and soul.

Teach him to close his ears to a howling mob . . . and to stand and fight if he thinks he's right.

Treat him gently, world, but don't coddle him, because only the test of fire makes fine steel. Let him have the courage to be impatient . . . let him have the patience to be brave. Teach him always to have sublime faith in himself.

Because then he will always have sublime faith in mankind.

This is a big order, world, but see what you can do . . . He's such a fine little fellow my son!

EFFECTIVE

January 1st, 1976

BENEFITS

of The Workers' Compensation Act will be extended to workers in the following industries:

EMPLOYERS

Section 9 of The Workers' Compensation Act was amended to indicate that workers in most industries should have the protection of the Act. Amendments to the General Regulations have therefore been approved and will extend coverage of the Act to most workers who are not presently covered. The program is scheduled to commence January 1, 1976 with the inclusion of the first group of industries listed below. Additional groups of industries will be brought under the Act on January 1, 1977 and 1978.

Employers in an industry not set out below may wish to refer to the December 31, 1974 Alberta Gazette to see when such industries will come under the Act.

Employers engaged in any of the industries, establishments, undertakings, trades or businesses listed below are required to open an account with the Board and will be receiving application forms. Any employer who has not received forms before October 1, 1975, should contact the Board directly to clarify his status. This will avoid possible delay in the payment of compensation to injured workers once they come within the scope of the Act.

Ambulance services
Amusement arcades, parlours or parks
Animal hospitals and shelters
Animal humane societies
Animal pounds
Arenas and stadiums
Auctioneering
Auction houses or marts
Auditoriums

Ballrooms
Barbed wire fencing
Barber schools
Barber shops

Brush cutting by other than power equipment
Bus depots
Buses, charter and rental of

Cabins
Campsites, tent trailer parks and mobile trailer home parks or courts
Carpet repairing
Cemeteries
Chairlifts, gondolas, ski lifts and rope tows
Chimney sweeping
Christmas trees — cutting and sale of
Coal and mineral testing plants
Crating and packaging services
Crematoriums

Day care centres
Day shelters
Driver testing services
Driving schools

Firewood, fence posts, cordwood, mine props, posts, poles and piles, the cutting and manufacture of
Fishing, commercial

Greenhouses whose products are not sold to the public at large and which do not maintain a heating plant
Guiding and outfitting services

Hand laundries
Homes, including childrens, senior citizens, maternity, orphans and nursing homes other than those operated under the Nursing Homes Act
Horse racing commissions
Hospitals other than those operated under the Hospitals Act
Hunting and fishing lodges and camps

Industrial patrols and security services
Investigating agencies

Land breaking
Lightning rods, the sale and installation of
Liquor delivery service
Loading and unloading of logs, goods or commodities excluding automobiles

Maid service
Mail contracting when carried on exclusively in respect of a rural delivery or staging mail route
Markets, public
Mining equipment, disposal of

Motels unless combined with a restaurant under the Act or unless licensed to sell liquor
Mushroom growers

Nursing services

Peeling and pointing of posts when not treated by the producer
Pressing shops
Prospecting and exploration for minerals
Pulpwood, production of

Race tracks
Railway testing services
Resorts

Restaurants located outside of a city, town or village or the townsites of Banff, Jasper or Waterton unless
(a) operated in connection with a hotel under the Act
(b) operated in connection with a service station or
(c) licensed to sell liquor
Retail stores located outside of a city, town or village or the townsites of Banff, Jasper or Waterton
Rural electrification associations
Rural or mutual telephone systems

Shoe shine parlours
Sightseeing tours
Supply of labour

Veterinary services

Water well digging
Weed and insect spraying

Zoos

Beginning January 1, 1976 workers will have coverage under the Act in the event of injury as the result of an accident arising out of and in the course of employment in the industries listed.

Workers who are injured on the job on or after January 1, 1976 should submit their claims to the Board. Claim forms are available from any office of the Board

BUSINESS HOURS

Monday to Thursday -- 7 a.m. to 1 a.m.
Friday and Saturday -- 7 a.m. to 2:30 a.m.
Sundays and Holidays -- 10 a.m. to 10 p.m.

Fall at the library

With the first day of school the St. Albert Public Library begins its fall hours once again. From September through June the public library is open seven days a week (except Statutory holidays) at the following times:

Monday thru Friday - 10 a.m. to 9 p.m., Saturday - 10 a.m. to 5 p.m., Sunday - 1 p.m. to 5 p.m.

The library has been busy all summer adding many

new books and several welcome services.

Among the library's 40,000 volumes are a good number of large print books for readers with poor eyesight. Copies of all major reports of the town, including annual budgets, are now available at the library. More popular paper backs than ever decorate the library's walls too. Are you a best-seller follower? Then

you'll find several copies of all the recent best-sellers in the new "Popular Library" section. Several new magazine subscriptions are now being regularly received. Of course the recent record collection is now available - free. In fact, membership in your public library is free to all. And there is something for everyone in the family. The library is beside the Town Hall. Drop in and check us out.

Town of St. Albert

PUBLIC NOTICE

[SECTION 311 OF THE MUNICIPAL GOVERNMENT ACT]

TAKE NOTICE that the Council of the Town of St. Albert, in the Province of Alberta, has given first reading to money Bylaws No. 18/75 and No. 19/75 which will, on final approval and ratification, authorize Council to borrow monies by way of debentures, to pay for the cost of the construction within its municipal limits the following projects:

(a) Bylaw No. 18/75 - Constructing an Outdoor Skating Rink and Indoor Skating Shelter Lacombe Park Neighbourhood - Estimated cost \$92,000.00.

(b) Bylaw No. 19/75 - Constructing an Outdoor Skating Rink and Indoor Skating Shelter Forest Lawn Neighbourhood - Estimated cost \$91,000.00.

The estimated total cost of the aforesaid projects amount to \$183,000.00. After deducting from this cost the amount of nil to be received by way of grants/contributions/revenue funds/donations, etc., the amount to be borrowed on the credit and security of the municipality at large by the issue of debentures is \$183,000.00. The debentures are to be repayable to the bearer in ten (10) equal consecutive annual instalments of combined principal and interest, the interest not to exceed a rate of more than twelve per centum (12%) per annum.

NOTICE THEREFORE is hereby given by the Council of the Town of St. Albert that, unless a poll of the proprietary electors for and against the said debenture borrowing is demanded, as provided for by the terms of The Municipal Government Act, the said Council may pass the said bylaws and submit them to the Local Authorities Board for final ratification and certification that a vote of the proprietary electors thereon is not required.

OF WHICH all persons interested are hereby notified and they are required to govern themselves accordingly.

NOTICE TO PROPRIETARY ELECTORS

A proprietary elector is -

- a person whose name appears on the assessment roll in respect of land liable to assessment and taxation for general municipal purposes, and
- a person who is liable for the payment of a mobile unit licence.

Five per cent (5%) of the proprietary electors may by petition request a vote on a money bylaw under the provisions of Sections 311 and 7 of The Municipal Government Act.

1. The petition must be received by the municipal secretary within 15 days of the last publication of this notice and shall contain on each page an accurate and identical statement of the purpose and objectives of the petition.

2. Each signature to the petition shall be witnessed by an adult person who shall take an affidavit that to the best of his belief the persons whose signatures he has witnessed are qualified to vote at a general election.

3. There shall be set out opposite each signature on the petition -

- the legal description of the property or other qualifications entitling that person to be a proprietary elector,
- the postal address of the petitioner,
- the occupation of the petitioner.

4. A corporation or a church or other religious organization or an estate, the name of which appears on the last revised assessment roll as the owner, conditional owner or purchaser of land that is not exempt from taxation, may in writing authorize a resident representative to sign a petition on behalf of the corporation or a church or other religious organization or an estate.

5. The petition shall be filed with the municipal secretary who shall, in accordance with the Act, compute the number of petitioners that have signed the petition and determine the sufficiency thereof.

6. Every petition shall have attached to it a signed statement of a person whose name appears upon the petition, stating that he represents the petitioners and that he is the person to whom the municipality may direct any enquiries with regard to the petition.

7. No name shall be removed from the petition after it has been received by the municipal secretary.

8. If two or more money bylaws are advertised in a single notice, a separate petition shall be filed with respect to each bylaw.

9. The date of the last publication of this Notice is September 17, 1975.

Craft guild plans special meet

The St. Albert Arts and Crafts Guild will hold an extraordinary general meeting Tuesday, September 30, at 7:30 p.m. in the Arts and Crafts Centre behind Vital Grandin School. The purpose of this important special meeting is to discuss the implications of the Guild's recent report on its future

particularly with reference to the planned St. Albert recreational complex. The report, prepared by the Visual Arts Branch of the provincial government, was undertaken to guide the short term growth of the local guild and to consider short term space needs. A copy of this report which will form

the basis for discussion on the 30th, is available to the public at the St. Albert Public Library.

Everyone concerned about the future of the St. Albert Arts and Crafts Guild is invited to attend this meeting and to bring his views about the Guild's growth, Tuesday, September 30 - 7:30 p.m.

Local weavers plan meets

The weavers group of the St. Albert Arts and Crafts Guild will hold regular workshop sessions commencing Thursday, September

18. After that the sessions will be held regularly the first Thursday of the month at 1 p.m. and the third Thursday of the month at 8

p.m. All workshop sessions will be held at the Arts and Crafts Centre behind Vital Grandin School. For further information call Lois Folkins at 459-7344.

Potters meet

Members of the St. Albert Arts and Crafts Guild's potters group are planning a special evening meeting on Wednesday, September 17 at 8:30 p.m. at the Arts and

Crafts Centre. The evening's program will include illustrations of the prehistoric Indian pottery of Arizona and a display of pre-Columbian pottery from Costa Rica,

through the courtesy of Mrs. Betty Redshaw. For further information about this evening or the local potter's group please call Sandra at 459-8821.

Father Lacombe Mission Closes for winter

After a very successful summer season, the Father Lacombe Museum has now closed for the winter months. During July and August, three young students acted as guides for more than 7,000 visitors from all corners of the globe, including many

tours. The St. Albert Historical Society, under whose direction the Museum is run, is extremely gratified by the great number of local residents who have visited the museum. It is evident that many people include a tour of the museum for their visitors and this support is greatly appreciated.

At its most recent executive meeting however, the Society decided that in order to minimize the incidences of vandalism and theft in the museum, it would be closed while not under supervision,

that is, until mid-June. The St. Albert Parish will no longer make the key for the museum available to visitors. Throughout the winter months the Society will

attempt to accommodate special tours, school classes and organizations that make prior arrangements by calling 459-8601.

ST. ALBERT CUBS AND SCOUTS :

REGISTRATION FOR CUBS & SCOUTS WILL TAKE PLACE AS FOLLOWS:

3rd & 5th Cubs and Scouts - Thursday, September 11
7 to 9 p.m. Mission Clubhouse

Report from Parliament Hill

By Stan Schellenberger, MP

The adoption of the Celsius scale on April 1st of this year was the first step towards nationwide metric conversion. As of September

1st, all precipitation measurements are being given in metric units - millimetres and centimetres.

Metric conversion in Canada is now about halfway into

its 10-year timetable with the hardest half yet to come. The Metric Commission was established by resolution in 1971. This Commission has set specific dates for the

changeover of all aspects of our weights and measures system. However it appears that for too many of metric's enthusiasts, conversion has become an issue drenched in

emotion. They wish to hear no questions raised, no queries on the methods of changing from an old measurement system to a new, no examinations of the costs,

inconvenience and difficulties involved. In fact, they imply that anyone who does question the way in which conversion is being handled should be labelled a reactionary, a "stick-in-the-mud."

There is little doubt that Canada should adopt metrification. Only three countries in the world have not yet done so - the People's Republic of Yemen, Burma and the United States. However the U.S. is presently studying legislation on metric conversion and it seems likely that such legislation will be passed by Congress this year. Inter-relationships between world countries are ever-increasing and the adoption of an international system of weights and measures seems totally logical.

But we, in Canada, unlike the U.S., are proceeding to conversion by way of resolution rather than by legislation. It would have been better if we had followed the American example which would ensure a smoother control of all aspects of metric conversion.

Opposition Members of Parliament have asked for a much fuller and more public examination than has so far been conducted of the costs and problems of converting Canada to metric measurement. They have raised questions about the efficacies of moving Canadian industry and commerce into metric at the pace prescribed by the Government's timetable, when the economy remains in teetering difficulties, when predictions are being made by international economists that Canada is to be hit by a new fury of inflation and economic disruptions. They have asked for more information on how integrated the process of conversion is, sector by sector, across the economy.

These are most valid questions when industry spokesmen say conversion will cost producers millions of dollars to carry out, will, in fact, increase production costs leading to further inflationary price movements and will be impossible to achieve by July 1979, the target date proposed by the various national agencies responsible for effecting conversion. These are questions which the Metric Commission has not yet answered in a satisfactory manner. It is reluctant to estimate what the total cost of conversion will be.

She's flipped for you!

And it's high time you were formally introduced. She's one of AGT's Directory Assistance Operators. If ever you've been unable to find a number in your phone book she's probably flipped through her directory for you.

You may find, though, that she's a little too popular. While you wait for her to answer (and it sometimes **does** take more than six rings) consider these facts:

Since 1950, the number of telephones has sky-rocketed from 78,740 to a projected 770,000 in 1975. This reflects Alberta's population increase of over half a million people. It also reflects the fact that in the past twenty-five years, Albertans have become increasingly mobile. They change their

addresses — and their telephone numbers more and more often.

In 1950, all telephone number enquiries were handled by Long Distance operators. But because of ever-increasing calls, a new position was created — the Directory Assistance Operator. This year, Directory Assistance Operators will answer well over 17 million calls.

Your Directory Assistance Operator knows her role is important. She'll be working as speedily as possible — handling 100 enquiries an hour — to answer your call.

After all, she's more than just another pretty face. She's a person whose career is helping you find your friends

Keeping up with Alberta's growth — an ongoing challenge for all of us at

SPORTS

Romam Mureika - tennis winner

A total of 32 club members took part in the tennis club's final senior tournament just completed on the weekend and the big winner was Roman Mureika who won all

three of his events. Roman was the victor among the 17 entrants in mens singles by defeating newcomer Firoz Dalal in the final 6-2, 6-4 to win the club trophy. Firoz

had provided an upset in the mens singles by defeating second-seed Clark Warren in a tie-breaker in the quarter final. Two other club newcomers Reiner Sattler and Frank Walls upset seeded players to get to the semi finals - which augers well for the future of the club.

Roman won the Bruin Inn Trophy for mens doubles by combining with Clark Warren to defeat Peter Miller and Bob Sage 6-2, 6-0 in the final. Roman also won the Mayor's Cup for mixed doubles when he combined with Cynthia Sage to defeat Firoz Dalal and Judy Wood 6-2, 7-6 in the final.

Betty Ontkian and Cynthia Sage were both double winners in the tournament as they combined to win the Imperial Lumber Trophy for ladies doubles by defeating Joan Green and Anne Kirk 6-1, 6-1 in the final. Betty won the ladies singles Scotia Bank Trophy by defeating Judy Wood 6-2, 6-4 in the final. Betty had a tough semi-final match against Alexandra Kincaid which she won 9-8, (while Judy had defeated Cynthia in the other semi 9-5).

The competition was keen in the secondary events (for those who had lost their first game) with the following results in the finals: mens singles - Lorne Wood defeated Frank Carnahan, ladies singles - Doreen Golden over Barb Chan, mens doubles - Frank Carnahan and Wayne Boyd over Lorne Wood and Frank Walls, mixed doubles - Lorne Wood and Joan Green defeated Frank Carnahan and Kate Gale.

Club Juniors are asked to keep in mind the date of Saturday, September 13th which is the date of the final junior tournament. There are large trophies for the singles winners so we would like to see keen competition among the juniors for these. The tournament is free and there is a possibility of doubles events if there are enough entries. Interested juniors should get teamed up with a partner and sign the entry sheet at the Clubhouse or phone Dave Kirk at 459-7602 by Thursday, September 11.

The club "family" tournament will be held Sunday, September 14 at 1 p.m. Partners must be members of their immediate family so there can be husband-wife, parent-child, brother-sister combinations. Those who do not have a tennis playing club member in the family and would still like to play can still enter and partners will be arranged by the tournament committee. Those interested should submit their entries to Angela Miller at 459-8728 by Saturday, September 13 or sign the sheet at the Clubhouse.

In Interclub the A team (Dave Kirk, Clark Warren, Roman Mureika, Betty Ontkian, Cynthia Sage and Judy Wood) finished in third place, one point out of the finals. The B1 team (Lorne Wood, Bob Sage, Dave Almond, Peter and Angela Miller, Joan Green, Doreen Golden, Sandy Warren) lost in the semi-finals to Hillcrest. The B2 team (Frank Carnahan, Wayne Boyd, Anne Kirk, Barb Chan) finished in seventh place in the nine team league.

Summer Games

Track stars win medals at Games

Four St. Albert athletes gave an excellent account of themselves in track events at the Alberta Summer Games in Red Deer, bringing back three gold medals, two silver and four fourth placings.

Don Warden, 16, was awarded two gold medals: for the 800 metre run and the medley relay, and a silver medal for the 1500 metre. This was Don's second year of competition, and he improved his position considerably over last year, when he had a creditable two-bronze showing. Warden is going places.

For 14 year old Jo Drysdale, the Games were her first large competition and she also won a gold in the 800

metre and a silver in the 1500 metre, plus a fourth in the medley relay. Jo "just loves" running events and trains two or three times a week. Here is another young athlete to keep your eye on in the future.

Ciny Prystai placed fourth in the long jump and fourth in the triple jump, and Tammy Osborne scored fourth in the medley relay.

All four athletes train at the Edmonton Olympic Club under coach Kit Knight.

Their parents accompanied them to Red Deer and commented on the fine arrangements and excellent organization the city provided for the Games.

St. Albert tennis team wins in Summer Games

At the recently completed Alberta summer games in Red Deer the team from Zone 7 (with six of the eight team members being from St. Albert) had the best record among the eight zones competing in the open tennis competition.

Roman Mureika and Clark

Warren of St. Albert were undefeated in the mens doubles round robin competition thus capturing the gold medal. The mixed doubles Junior Veteran gold medal was won by the St. Albert pair of David Kirk and Betty Ontkian who also went through the round robin competition without a loss.

The bronze medal for ladies doubles was won by Judy Wood of St. Albert and Loretta Reid of Fort Saskatchewan who had lost to Edmonton and Calgary (the gold and silver winners). The other senior team members were Cynthia Sage of St. Albert who finished a close fourth in ladies singles and Randy Spence of Jasper who took part in mens singles.

The junior team from St. Albert did not fare quite as well as the seniors but Steve Kirk and Phil Kemp from the St. Albert club won the silver medal for boys doubles and came very close to winning the gold in a tough 9-8 loss to the gold medal winners from Lethbridge. Other junior team members were Valerie Green, Cindy Smith and Bill Osborne of St. Albert and Elizabeth Meddings of Fort Saskatchewan.

Local residents throng to minor football opening

Langley Park was the scene for opening day of peewee football in St. Albert

on Saturday, September 6, 1975. An estimated 250 - 300 people were in attendance to

view the two games. The fans were not to be disappointed, as they were greeted by sunny skies, and the smiling faces of the 80 youngsters who form the four peewee teams. The league was formed to introduce the boys to the Canadian game of football at an earlier age than has been previously available in Alberta, as until now boys had to wait until at least 13 years of age until they could play, whereas in the east they start their football program at seven years of age. The peewee players are eligible at 10 years of age,

and when they turn 14 they become eligible for bantam football which continues until their 16th birthday.

St. Albert like the pioneer town it was in Alberta's past history, it is also a pioneer in Alberta's football. Early indications are that a football program of this nature will be a great success. Future plans of the St. Albert Minor Football Association include a midget team for boys between 15 - 17 years of age, and eventually right up to a junior entry. Plans also include the building of a clubhouse with changing

rooms, and meeting facilities, as well as storage facilities for all the equipment required in this venture. The whole football program would not have been possible without the help of the four business firms which came forward to offer sponsorships which include: Jim Chisholm's Lacombe Park Red Rooster, Willowbrook Homes, Carma Developers and Standard General Construction. The parks and recreation department of the Town of St. Albert were also instrumen-

tal in establishing the league. Mr. Louis Martineau of the department was at hand every time a problem was to arise and lend assistance. The league was also very lucky to obtain the four very fine coaches in Bob Lorimer, Keith Hembroff, Ross Johnston, and the father and son team of Jim and Rod Wiltshire. The league hopes to have some of the Edmonton Eskimo stars out to sign autographs within the next three weeks, so watch for that date.

OPEN HOUSE THIS WEEKEND

110 GRANDIN ROAD, ST. ALBERT

Reduced to \$65,900. This attractive three bedroom bungalow features a finished basement, treed lot, covered patio with barbecue and bar area, and finally the most exciting part of all "HEATED ENCLOSED POOL" with change house. Truly a home for entertaining. Roni Lantinga 459-6686, 459-6711

36 GOODRIDGE DRIVE

1740 sq. ft. of "Gracious Living" in this four level-split with open fireplace. \$78,600. Tom Milton 459-6686, 459-6345.

St. Albert Standard Generals newest member of league

The St. Albert Standard Generals - Juvenile 'A' provincial champions 1974-1975 received word on Sunday, September 7 at Red Deer, that their application has been accepted, making the St. Albert Standard Generals the newest member of the Central Alberta Junior Hockey League.

The Central Alberta League consists of a number of rural communities, approximately the same size as St. Albert. This league has teams from such communities as: Lloydminster, Vermillion, Wainwright, Vegreville, Grand Centre, St. Paul, Hinton, Jasper and Barrhead in the Northern Division, plus a Southern Division consisting of approximately 12 teams. The champions of the Northern and Southern Divisions meet in a league champion series, as the major goal of a 40 game season plus playoffs.

From all reports this

league has a strong reputation for fast skating, well played hockey, suiting the Generals style of the last two years.

After spending the summer attending various meetings, including the Alberta Amateur Hockey Association general meeting at Red Deer, the Kinsmen Minor Hockey Association was left with few options regarding a league for the Juvenile aged players. The Alberta Amateur Hockey Association was considering an application from the major centres to have all Juvenile 'AA' and 'A' teams classified as Junior 'B'. This left the Juvenile Provincial Champions the option of moving into a higher classification or playing Juvenile 'B'. This choice was quickly reduced, as the only Juvenile 'B' league in the St. Albert area, is in Edmonton. Discussions with this league, quickly resulted in a dead-end.

Application was then made to the Central Alberta League. After a number of discussions the application was accepted by the league at their general meeting at Red Deer.

The St. Albert Standard Generals will be managed and coached by Mr. John Ewen, assisted by Mr. Ernie Ewachuck. The Generals will be assisted in the general administration by prominent St. Albert businessmen. The Advisory Board will consist of Mr. Bill Gardnier - manager of Administration, Standard General Construction Co. Ltd., Mr. Neil Stewart - chairman of the St. Albert Kinsmen Minor Hockey Association; Mr. Ken Pollon - president of St. Albert Sportshop; Mr. Tom White - president Edmonton Valve and Fitting Ltd., and Dr. Grey - local physician will be the team doctor.

The St. Albert Standard Generals will be operating

under the rules of the St. Albert Kinsmen Minor Hockey Association.

All players interested in trying out for the Standard Generals in the 1975-76 season must be registered with the Kinsmen Minor Hockey Association before the first practice.

Registration forms are available at the St. Albert Sportshop.

Players are reminded that Social Security numbers are required this year for the Alberta Amateur Hockey Association.

It is hoped that the residents of St. Albert will support this team, thereby providing a future goal for all players involved in the St. Albert Kinsmen Minor Hockey program.

Training camp dates and details will be announced as soon as they are confirmed.

Willowbrook down Lacombe Park Red Roosters

Willowbrook Homes led by the strong running of Dennis Sabourin downed the Lacombe Park Red Rooster 25 - 12 on Saturday afternoon, in a tremendously hard fought game. Willowbrook jumped out to an early 6-0 lead on a 51 yard run by Dennis Sabourin at just the 1:20 mark of the first quarter. The Lacombe Park Red Rooster struck back at the 11:45 mark with a five yard plunge by

Marty Hoffart.

In the second half the Red Rooster took the lead on a two yard dive by Keith Hewitt, but from thereon in it was all Willowbrook. Sabourin struck again with a 55 yard T.D., then it was Kurt Trent on a 51 yard pass and run play, with the convert being run over by Sabourin. Willowbrook closed out the

scoring with a 31 yard romp to the goal line by Mark Burry.

Robert Morrison was Mr. Everything for the Lacombe Park Red Rooster, leading their ground attack as well as handling kickoffs and third down punts. Both coaches had reason to be very proud of their charges.

ST. ALBERT RECREATION REPORT

RECREATION NEWS

Further copies of the fall program outline are available at the Town Hall Parks and Recreation Office.

REGISTRATION DEADLINE

Please note that the deadline for registration of all Parks and Recreation courses ends Friday, September 12. Only those workshops which were indicated in the Fall Calendar as having later registration deadlines will be open to applicants.

CREATIVE DRAMA

Boys and girls wishing to learn various techniques of theatre still have an opportunity to register for the creative drama class to be held at Paul Kane High School (Theatre Arts Room) on Saturday mornings from 9:30 a.m. - 11:30 a.m. If you are between the ages of 12 and 15 years, register at the Town Hall. Cost of the course is \$10.00. Commences Sept. 13th.

YOGA

Due to the demand, a further beginners yoga class has been scheduled from

6:30 p.m. - 8 p.m. on Tuesday evenings at Paul Kane High School. Cost is \$15.00. Register at the Town Hall. Commences September 9th.

SAINTS & SINNERS SQUARE DANCE CLUB

Learn To Dance - Open to Adult Couples. Located at Grandin Clubhouse on Tuesdays from 8 - 10 p.m. Cost of program is \$2 per couple per evening. Registration will be held at the Grandin Clubhouse on Sept. 16 or call Mrs. S. Dequire at 459-7466. Deadline for registration is Sept. 30. Commences September 16.

KARATE

There are still a number of openings for interested people eight years and up for the Karate course. Course consists of the teaching of basic Karate, philosophy and physical conditioning. Located at Sir Alexander Mackenzie School on Tuesdays and Thursdays from 7 - 9 p.m. Participants will be required to bring a gym suit but do not need running shoes. Registration at the Town Hall. Course Fee \$12.00. Commences September 16.

PHYSICAL CULTURE PROGRAM

Open to Ladies and girls of high school age. Program provides a unique approach to fitness through the use of exercises set to music. Classes will be held in the Sir George Simpson Girls Gym on Thursdays 8 - 9:30 p.m. Cost of registration is \$8 for adults and \$6 for students. Register at the Town Hall.

SKATING EQUIPMENT SALE

If you have old equipment or wish to purchase used equipment the St. Albert Department of Parks and Recreation in co-operation with the St. Albert Figure Skating Club and the Kinsmen Minor Hockey Association will be offering a SKATING EQUIPMENT SALE on Saturday, September 13 from 9 a.m. to 12 noon. Check this week's Gazette for further information. Sale will be held in the St. Albert and District Arena.

WORKSHOPS

FENCING WORKSHOP

Open to Teens (13 and up) and Adults. Workshop will provide participants with an overview of fencing techniques and an opportunity for practice. To be located Paul Kane High School, September 22, 1975 from

7:30 p.m. - 9:30 p.m. All equipment will be supplied. Registration at the Town Hall. If enough interest is shown, a 10 week course for juniors and adults will be offered. Workshop Fee \$2.00

IMPROVING COMMUNITY GROUP EFFECTIVENESS

If you're in the executive of a community group or consider leading a group in the future, this workshop will focus on upgrading and learning of new skills in group dynamics, communication and problem solving. To be located at the Percy Page Centre on October 3 (7 - 10 p.m.) October 4 (9 - 4 p.m.) and October 5 (9 - 12 p.m.). Register at the Town Hall. Workshop Fee \$10.00.

ADVANCED SECRETARIAL TRAINING COURSE

Workshop is tentatively set for October 17, 18 and 19. Program includes office practices, handling of minutes and meetings, correspondence, setting up filing system etc. All applicants will be notified as to exact dates and times of sessions. Register at the Town Hall. Deadline for registration is September 26. Workshop Fee \$15.00.

CULTURAL COURSES

L'Histoire De L'Albertain - History of Alberta in the French Language. Commences Sept. 29 at Paul Kane High School. Held Monday evenings for 10 weeks from 7:30 - 9:30 p.m. Cost of course is \$20.00. Register at

the Town Hall.

Yesterday the Sun Was Shining - Some artists and their views of Canada in the 19th and early 20th Century (with slides). Commences September 29 at Paul Kane High School. Held Monday evenings for 10 weeks from 7:30 - 9:30 p.m. Cost of course is \$20.00. Register at the Town Hall.

The Land of Mighty Rivers - Historic - Pre-20th Century history of what is now Central and Northern Alberta. To be located at Paul Kane High School on Wednesday evenings for 10 weeks from 7:30 - 9:30 p.m. Commences October 1, 1975. Course fee is \$20.00.

POWER SKATING

Register for Power Skating (No Learn-to-Skate) - Saturday, September 20 between 10 a.m. and 12 noon. Mission Clubhouse. Fee - \$8.00; family membership - \$1.00. NOTE: Registration limited to the first 175 boys or girls.

ST. ALBERT FIGURE SKATING REGISTRATION

Last year's members only. National and C.F.S.A. - Thursday, September 18, 7:30 - 9 p.m. New members registration, National and C.F.S.A. - Thursday, September 25, 7:30 - 9 p.m. Percy Page Centre.

Westlock sweeps NCA baseball series

By Paul Riopel

A beautiful September sun greeted spectators and players alike for the 1975 League Championship Series held in Westlock. The stage was set for what should have been the most hotly contested battle for the coveted League Championship Trophy. However, as play progressed it became increasingly evident that the two week delay had not benefited any of the

participating clubs. After a thrilling pennant race which had featured four determined clubs playing excellent baseball, the Championship Series saw far too many errors to have been as exciting. Due to a late withdrawal from the series by the fourth place Linaria Flyers, three teams were left to do battle.

From the onset, it became

apparently clear that the Red Lions were the only team with a wetted appetite. They displayed much poise and confidence throughout the series and most importantly they managed to keep errors to a minimum. Dwaine Bolkoway had a fine afternoon while at bat for Westlock, while Chuck Keller showed well defensively for the club. It was an overall

performance, though, from the Westlock club which saw them dominate play during the entire series.

In the first game, Bob Oko came in to relieve Dwaine Jolliffe early in the contest and sparked Westlock to an easy 10 to 2 victory over the defending league champions from Bon Accord. Myles Langier was the losing pitcher. The second semi-final

game saw Bud Pollock pitted against Dale Lewis, both very successful pitchers during regular season play. The Manufacturers, aided by Rick Pugliese's hitting managed to overpower Bon Accord regardless of a fine afternoon at bat for Hugh Allen, who left no doubt in anyone's mind why he had been chosen as the League's Most Valuable Player for 1975. In the final game, Westlock took an early first inning lead scoring four runs off Norm Kootenay who seemed to be fighting for control. Morinville errors further helped Westlock to build a commanding 6-0 lead after three innings of play. Even a solid job at relief by Bud Pollock failed to lift the Manufacturers back into the contest. The Red Lions, with Jim Oko pitching, continued to roar winning the final game 9-1. The Red Lions

thus completed a very successful season in the North Central Alberta Baseball League, adding the league championship trophy to the Molson Cup previously won for having clinched the Pennant.

M.V.P. STANDINGS [TOP 10]

1. Hugh Allen, Bon Accord - 31 points; 2. Dale Lewis - Bon Accord - 26 pts., 3. Bob Oko, Westlock Red Lions - 23 pts., 4. Darcy Brisson, Legal Pontiacs - 21 pts., 5. Ray Wagner, Rochester Lions - 18 pts., 6. Sid Schooler, Linaria Flyers - 15 pts., 7. Dwaine Jolliffe, Westlock Red Lions - 13 pts., 8. Bevin McNally, Vimy Blues - 11 pts., Barry McGillis - Morinville Manufacturers - 11 pts., Bob Letourneau - Legal Pontiacs - 11 pts., and Denis Rau, Linaria Flyers - 11 pts.

Standard General triumph over Carma Developers

Kevin Plaisant led Standard General Construction to its opening victory with a three touchdown performance. The touchdowns came on runs of 28, 27 and three yard runs respectively, with Tim Schrader kicking a two point convert and two singles to round out the scoring for Standard General. Tracy Fizzel accounted for all the scoring for the Carma Developers with a 67 yard pass

and run play and a two point conversion.

The weather was great and the excitement ran high in a well contested battle. The boys were well drilled in their plays in both games, and their enthusiasm had to leave the parents feeling very proud indeed. Try to make it out to next Saturday's games starting at 2 in the afternoon at Langley Park.

Arts and crafts registrations

Two hundred and thirty-eight people registered during the first three days of registrations last week for the classes offered by the Arts and Crafts Guild in cooperation with the Town of St. Albert Recreation Department. The "Mom's and Tots" program was over-registered the second day and additional classes are being planned to accommodate the overflow.

The following adult classes still have space available: basketry, macrame, batik, hand-built pottery, weaving, lapidary, copper enamelling,

primitive weaving, painting, knitting and crochet, creative crafts, puppetry and the mukluk workshop.

Registrations for all children's classes can be taken at the Town Hall for ceramics, art, multicrafts and pre-school arts and crafts.

Teen ceramics, and creative crafts also have openings available.

All registrations must be received before September 19, program outlines and registration forms may be picked up at the Town Hall or call Mrs. Lois Folkins at 459-7344 for information.

St. Albert Minor Football Association League standings

	GP	W	L	F	A	P
Willowbrook Homes	1	1	0	25	12	2
Standard General	1	1	0	22	8	2
Lacombe Park Red Rooster	1	0	1	12	25	0
Carma Developers	1	0	1	8	22	0

St. Albert Bantams shut-out

For the first time in the club's three year history the bantam football team failed to get on the scoreboard. St. Albert was defeated 19-0 by the Dow Chemical team from Fort Saskatchewan, in a game hampered by penalties and miscues. The Fort scored three defensive touchdowns, compliments of St. Albert's inept offense. All three touchdowns came about as a result of fumbles which were scooped up by Dow Chemical defenders and run back for major scores. The second touchdown was converted, and thus rounded out the scoring. The St. Albert defense played a flawless game, causing turnovers,

and giving their offense the ball in scoring position on five different occasions. Although St. Albert's offense managed to move the ball inside Dow Chemical's five yard line three times; they were unable to score. Even though there were few bright areas in the game, the coaches feel that Harold Brubaker, Guy Derieu, and Brian McCann played outstanding games. Sean Sullivan and Damir Dupin were each credited with blocked punts and Rod Kane recovered three fumbles.

St. Albert's next game will be next Sunday, September 14, against the Jenner Pontiacs at the Kinsmen Park

Fort Hockey appointment

The Fort Saskatchewan Traders of the Capital Junior Hockey League announced today the appointment of Gene Achtymichuck as Coach for the 1975-76 season.

Gene began his hockey career with the Edmonton Flyers and played with Detroit and Montreal in the

N.H.L. He finished his playing career with Portland Buckaroos and then coached the Edmonton Monarchs in the old Senior League. Gene then spent two years as Coach and General Manager of Long Island in the Eastern League. He now resides in Fort Saskatchewan.

Gym club registrations

Registration for St. Albert Gymnastics Club will be different this year with the club having one evening Thursday, September 11 set aside to accept registrations for boys and girls gymnastics. We will be at the Clubhouse at 7:30 p.m. for a short meeting to explain the Club's aims and to introduce our new instructor and answer any questions parents have.

Registration forms require a parent's signature so parents must attend to get their children registered.

The Club is accepting boys six and up and girls nine and up to take lessons at the Lorne Akins School. Boys evening is Monday nights and girls evenings are Tuesday and Thursday.

Snug as a bug?!

Probably not yet, if you've just moved in.

More "beef" in wheat and barley

Perhaps one of the best programs the Alberta Department of Agriculture has ever started is underway in the MD of Sturgeon near Fort Saskatchewan.

It's a feed grain breeding program to put more "beef" in wheat and barley and is also progressing in five other centres in Alberta.

Two local farmers from the Lamoureux area Bill and John Devereux have rented out about 15 acres of land for the provincial program which is being carried out by University of Alberta technicians. They are headed by Doctor Jim Helm who has spearheaded the program for the last seven years.

Grain grown at the site is combined by a neat little harvester powered by a "VW" engine, and a specially designed separator built in Alberta from a European original separates the grain plots so that there is no danger of unwanted mixing of strains.

The grain breeding program marks an attempt to make more high protein feed available for both farm animals like hogs and cattle and it's also good for human consumption.

Project chief Helm says that there are 600 lines of first generation barley and 32 lines of wheat ready for

testing at the site and 200 more lines of second generation wheat ready for agricultural technicians scrutiny.

The barley and wheat at the MD of Sturgeon site has been in the ground since the Victoria Day weekend and it is now being taken out by some University of Alberta graduates. They weigh the grain into 1000 gram packages before it is taken to the university for grading. It is tested for early ripening, strong straws and good heads, vital qualities if the crop is to resist the fearsome

conditions that can attack in this part of the world.

All the results are computerized and some of the grain finds its way to Mexico where it is planted during our winter season.

After that, the grain from the Mexican crop is further tested and the choice segment of the crop is again sent up to Alberta in time for the next summer season.

A substance called lysine is the stuff which boosts the protein level above normal in the wheat and barley but the breeding program is a slow

procedure. Mr. Helm points out that it will be four years before even the first licensing trial can be held on the new grain and it will not be till then that the new strains will become official.

If the breeding program is an unqualified success then the new grain can be handed out to the farmer and after that not only the hogs will be happy but humans too can look forward perhaps to a new cereal, coming from the advances made through grain breeding in the last several years.

Morinville arena grand opening

By Marg Bentz

The Morinville Arena had its grand opening Saturday, September 6.

The Morinville Drum and Bugle Band started off the evening with some lively and entertaining numbers. This group won first place at the Camrose Fair and it was easy to see why.

Ross Quinn, master of ceremonies, then asked O'Neil Chevalier to give a speech. O'Neil gave an interesting discourse on the history of the building which was purchased from the Edmonton Exhibition Board for \$2,400 in 1957. The building was partially dismantled and moved to Morinville by a large force of volunteer help, where it has served the community ever since.

Ernie Jamison, MLA and Andy Lee (from CFCW) congratulated Morinville on their initiative and growth and thanked the Ag Society for inviting them.

Laurent Coulombe (Director of Sturgeon Regional Recreation) and Dave Cuthbertson (Federal Ag Society) both gave an interesting talk. Ray Short, president of Student's Union, gave the youths point of view and sincere thanks for the new opportunities that they would have as a result of artificial ice.

Contractor Bill Lowrey of E.S.K. Distributors, Edmonton Refrigeration, gave a few details on the statistics of installation.

The Frontier Dollies then did a couple of very enjoyable and entertaining dances. Morinville can be very proud of these young girls who work so hard to put on a good show. Jan Gibeau, one of the Dollies, was picked out of the kickline, to participate in a dance exchange program with Korea and Japan in early September.

Lisle Kivell, president of the Morinville Ag. Society, gave an interesting talk on the Ag Society and how it was formed out of the Sports Association. Credit was then given to Ross Quinn and Ed Kryskow (vice-presidents),

Shelly Parko (secretary), Marilyn Rogers (treasurer), Mary Hittinger (chairman, Ways and Means Committee), Doug Ramer (chairman sports), Frank Volmer (baseball), and Ron Cust (youth representative).

Lisle then introduced Mayor Art Stapleton, who after a short but interesting talk, and cut the ribbon that officially opened the arena.

Ross Quinn then thanked

all the people who so generously contributed their time and effort in making artificial ice in Morinville a reality.

The Harvest Jamboree then started at 9 p.m., in the arena. The music, which was provided for by "Country Sound," was terrific and everyone had a wonderful time. Mark MacDonald of 23 Maple Drive, St. Albert, won the 1975 Plymouth Colt. Congratulations Mark.

MAYOR ART STAPLETON cuts the ribbon at the opening ceremonies for the new Morinville Arena.

COLETTE GIBEAU [left] draws the winning ticket for a 1975 Plymouth Colt at the opening of the Morinville Arena. Standing by is Louise Dupuis and Andy Lee from CFCW.

Residents get action on Highway 643

On Wednesday, September 27, 1975, concerned farmers in the area of secondary highway 643, east of Gibbons, met at the Peter Visscher farm to discuss the matter of paving the secondary highway, which is in atrocious condition at the present.

Tom McGreer, the government representative, who is the provincial road engineer for the area, met with about 48 local residents. The contract has been let out for the project, but the completion date is the end of the season, presumably about the end of October. The overpass by Gibbons, between Highways 37 and 28 is to be completed by the same contractor.

There were three representatives from the Imperial Fertilizer plant, who have been pushing for completion of the paving, as there are approximately 20,000 trucks coming to the plant in one year, and the vast majority use highway 643 to get to the plant. There have been several accidents directly

related to the terrible road condition. Walter Jerram, councillor from the MD of Sturgeon and Walter Wolansky, councillor from Thorhild county were also in attendance. At present, the MD is responsible for upkeep on the road but they find it impossible to keep it in passable condition with the heavy concentration of truck traffic.

Mr. McGreer was able to obtain an appointment for a delegation of 22 people to meet with Mr. Cronkite,

Deputy Minister of Highways, for Thursday, September 28. The delegation included the two councillors and three Imperial Oil executives. The grievances were further aired and the minister promised to look into the situation to see what could be done to speed up the contractor. He said the secondary highway was now scheduled ahead of the Gibbons overpass and a provincial grader would be provided, in the meantime, to aid in maintenance.

to the Editor

Loss of prime time

I overheard a rumor that some element in Morinville was attempting to attract the Tier 2 junior hockey team that St. Albert turned down.

Now that we have our own artificial ice plant, which was obtained primarily to provide more ice time for the youth in our community, I wonder if such a team wouldn't con-

sume proportionately more prime time than it would involve people in our community. In any event if such a move is under-foot, I believe the community should be made aware of it so the views of the many supporters can be made known.

Allan Bentz.

Cow calf loans to be repaid

Last fall's loans to allow cattlemen to carry calves through the winter should not be regarded as grants says Alberta's Minister of Agriculture Marvin Moore.

More than 15,000 applications were received for the loans and about \$47 million have been distributed under

the loan program.

Interest on the cash advances carried by the Alberta Government will cost an estimated \$6 million for the one year period. Just over \$400,000 has been repaid by the producers participating in the program, although many payments

have been made in installments rather than in total repayment.

Mr. Moore says that the prices cattlemen have been receiving for heavy weight feeders as compared with lightweight feeders and calves indicates the program has achieved some of its objectives.

LEGAL LOCALS

By Sharon Rempel

There is a limited space available for Brownies this year. A meeting will commence in the near future to decide when registration will begin for both Brownies and Guides.

It has been brought to my attention that wilful damage is being done to our recreation centre. Parents I

urge you to keep an eye on your children. We all benefit from the playgrounds and buildings, so let's get together and keep it from needless damage. Action from the board could result if it continues, so PLEASE let's all do our part in the community.

Don and Maryln St. Jean and family have just pur-

chased the farm of Alberic Laforce. Don is the twin brother of Gerald St. Jean. Welcome to the community.

Marcel Dube is back in the Sturgeon General again. We all wish you a speedy recovery Marcel and hope to see you back home again soon. Jules LaRose and Eugene Theroux are also in hospital. Hope you'll both be

at 8 p.m. Clothing, food, and multi-craft will be some of the courses taught. For further information please contact Gaetane Champagne at 961-3850 or Sharon Veitch at 961-2399. Come on out and support this worthy club.

Please contact me by Sunday evenings for any news to be put in the paper. I can be reached at 961-3996.

back in good health soon.

A hearty welcome is extended to Stan and Chris Bowes and family from Edmonton. They have just recently moved into the trailer court.

For all you bingo nuts (myself included), there is a bingo every Sunday evening at 7:30 p.m., at the O'Meara Lodge. Come on out and enjoy a relaxing evening.

Anyone interested in guitar lessons should contact Gaetane Champagne by Tuesday, Sept. 16. Call 961-3850.

A 4H Club for girls is being organized and all interested mothers and daughters are requested to attend a meeting and registration evening at the Rec. Centre Wednesday, Sept. 17

PROPOSED RECLASSIFICATION
MUNICIPAL DISTRICT OF STURGEON NO. 90
GENERAL PLAN

It is the Councils intention to reclassify the following lands from "Special Control" to "Light Industrial" for the purpose of developing a warehousing complex.

"Block 1, Plan 179 H.W. [part of Section 27, Township 53, Range 25, West of the 4th Meridian] and that portion bounded by the said Block 1, 156 Street and 137 Avenue."

Should objections be received to the above proposal by the undersigned prior to September 24, 1975, a public hearing will be held on September 26, 1975 at 7:30 p.m.

D. G. Brownlee,
Development Officer.

VIMY NEWS

By Darlene Provencal

The Vimy Blues Baseball Club hosted themselves, their wives and girlfriends to an evening of entertainment on Sunday, August 31 to wind-up the baseball season. The evening began with a banquet at the Westlock Inn and ended with a rumpus room party at Clem and Gloria Fagnan's.

"Best of Luck" is being sent to Yvon Bilodeau on his new adventure of a hockey career in Sweden. He left last week and Penny, Brent and Brandi will be following shortly. Let us know how you're doing.

And now, the news I've been waiting to write for a LONG time. Sherri-Lynn and Larry are tickled to announce the arrival of Denny Paul, born in Westlock on Monday September 1, weighing 9 lbs. 11 1/2 ozs. Leo and I are equally as pleased with our little bundle.

School has commenced once again for another term and we would like to welcome all the new teachers.

Maurice Provencal and family from Peace River and Roland Provencal and family from Rocky Mountain House, were visiting briefly with us this week.

Congratulations to Mr. and Mrs. Gerry Schlachter on the birth of their 7 lb. 5 1/2

oz. baby girl born in Westlock on great grandmother's (Mrs. Corinne Sabourin) birthday, Sept. 4. Proud grandparents are Mr. and Mrs. Gordon Cannard.

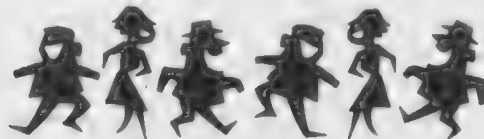

Yvette Sabourin, Rita Cannard, and Anita Gingras helped their mother, Mrs. Corinne Sabourin, celebrate the occasion of her 74th birthday by treating her to dinner at the Westlock Inn on Thursday, Sept. 4. Happy birthday.

The Westlock and District Singles Club are looking for single people in our area to join their group. Age limit is 21 years and over. A meeting will be held on Monday, Sept. 15 at 8 o'clock. For more information phone 342-4239.

Visitors at the home of Hector and Glenis Huot this week were Bill and Elaine Enns and children, Tom and Eileen Murphy, and Frank Primus, all from Mackenzie, B.C.

We would like to welcome into our community Mr. and Mrs. Bill Locher and family of three who have purchased and moved into the former W. Provencal residence. Hope you'll enjoy it here.

Mrs. Val Marie Baert and her two children are spending a few weeks holiday with her folks, Mr. and Mrs. Rene Joly, in Mackenzie, B.C.

IN APPRECIATION

Having recently sold my Hardware business to Mr. Robert Reason of Manning, Alberta, my wife and partner Rhonda and I, would at this time like to express our appreciation to the many residents of Morinville, and the surrounding M.D. of Sturgeon, for their valued patronage over the last 20 years.

It has been a privilege to supply you with your requirements in the hardware line and I assure we will miss the good natured arguments we have had. Over a period of 20 years we have come to know many of you, very personally, and have formed many personal friendships which we value highly, and hope to carry on as we are not leaving Morinville only leaving active business.

The business known as Morinville Hardware, will still be Morinville Hardware and under Mr. Reason's management will still give you the same service as in the past.

Once again because we never can say it too often - Thank You Morinville and District for 20 wonderful and fruitful years.

ART AND RHONDA STAPLETON.

Legal resident 80 years young

EMMA GUIMONT of Legal, 80 years 'young.'

By Sharon Rempel

Mrs. Emma Guimont of Legal has recently celebrated her 80th birthday. Born in Quebec on June 20, 1895, she moved to Picardville in 1924 with her husband the late Albert Cloutier and family.

In 1969 she married the

late Octave Guimont.

She has raised one step-daughter and seven sons and daughters.

Mrs. Guimont is a resident of long standing at the Chateau Sturgeon in Legal. Continued health and many more birthdays are wished by all.

35th wedding anniversary celebrated

By Sharon Rempel
Leo and Jeanne Maurier of Legal celebrated their 35th anniversary August 13. Leo was born and educated in Legal. Jeanne came from a

small community in Quebec and moved west to Picardville at the age of one with her parents.

They were married in Edmonton in 1940 and

settled immediately in Legal where they raised two sons Richard and Ed and three daughters Pauline, Rachelle, and Yvette.

Their children feted them to a lovely evening of dinner and dancing at the Ambassador Hotel.

Both Leo and Jeanne, now semi-retired, are active in our community. Leo is also a Fourth Degree Knight with the Knights of Columbus. Jeanne is the Commissioner for the Brownie and Guide movement.

They would like to say a special thank you to Richard and Irene, Pauline and Louis Morin, Rachelle and Rock Regimbald, and Yvette and Roger Gagne for such a wonderful celebration.

I'm sure all who know them wish them many more happy years together.

LEO AND JEANNE MAURIER of Legal celebrate their 35th wedding anniversary.

Gibbons AGT exchange to be in service soon

The new Alberta Government Telephones exchange in Gibbons is scheduled to be in service later this year, according to Hon. Dr. Allan Warrack, Minister of Utilities and Telephones. Estimated to cost \$765,000, the new facilities will provide improved, more reliable service and push-button telephone service will be available.

AGT installed an electronic, computerized 1200-line system in the new 45' x 75' masonry building. Electronic switching and computerized equipment has several advantages over the mechanical equipment to be replaced. All electronic computer control circuits are duplicated to ensure uninterrupted service via the second system if necessary. The computer can detect and diagnose any problems within its system and print out a report on the maintenance

and control console. Corrections and changes to the system can be easily and quickly made using handy plug-in replacements or entering new information in the program.

The new facilities will also include number identification equipment which automatically registers the number of a customer Direct Distance Dialing (DDD) a long distance call. Operators will only be required to come on the line and register the telephone number of multi-party service customers when they make DDD calls.

After the exchange is in service a telephone number code will be assigned to the Gibbons area, changing the three-digit prefix for all Gibbons numbers from 799-XXXX to 923-XXXX. Also, it will be essential to dial all seven digits of a telephone number to complete a local call.

Royal bank moves

"We've been waiting 35 years for this," said "Snip" Loblick at the opening of the new Royal Bank building in Gibbons. Mr. Loblick is mayor of Gibbons.

Twenty-five people were on hand to witness the opening of the new facility. After the cutting of the ribbon and presentation of a crystal ashtray to Mr. Loblick by Royal Bank officials, the public was invited inside to enjoy pastries and coffee. The children were given balloons.

The new location replaces the trailer which the bank

had been in for five years. It is located a few blocks east of the trailer. The public will be offered a full line of banking services at the new building. Hours are from 10 a.m. to 3 p.m. Monday to Wednesday, Thursday 10 a.m. to 6 p.m. and Friday 10 a.m. to 3 p.m. There are five staff members including Manager Ed Akerstrom. These are the only banking facilities in town.

Outside the neat one storey brown and yellow brick building, there is parking for about 50 cars. Mr. Akerstrom said there are plans to extend the parking. The interior contains 1600 square feet of space. The inner decor is colourful, but at the same time tasteful.

The bank is contained in a small shopping centre. Marlo Developments Ltd., owners of the building, said that they were in the stage of coming to an agreement about leasing two of the remaining three spaces in the centre. They did not feel at liberty to divulge who might be their tenants until the lease agreements were finalized.

CARD of THANKS

We wish to express our heartfelt thanks to our many friends and relatives for the floral tributes, cards, mass offerings and many acts of kindness shown to us during the recent passing of our loving father Mr. Joseph Meunier.

The Jos. Meunier Family.

Report From Bon Accord

By Sadie Allen

The evening group of the UCW will meet at the home of Donna Lemke, 5119 - 47 Street on Tuesday, Sept. 16 at 8 p.m. Everyone is welcome.

Wheat Pool #1 agent, John Engman and family leave for Portage La Prairie, Manitoba this weekend. John will be working for McCallister Pea and Seed Cleaners Ltd. We wish them well in their new

venture.

Bon Accord Seniors will resume regular meetings on Tuesday, September 22 at 2 p.m. All seniors are cordially invited to attend. Help us to

plan an interesting fall and winter program by being there.

A full time cub leader is urgently required. Two good dependable helpers are av-

ailable but as both are on shift work, are not able to take on the job of cub leader. Cubs have a very cooperative and active parents group ready and willing to help. Until a leader is found cub meetings will be cancelled.

Interested in crafts? Call Pauline Mansfield, 921-3625, June Serediak, 921-3589 or Doris Carleton, 921-3686. A minimum of 10 is required for a class.

The Bon Accord senior mens' baseball team bowed out of the NCL League championship playoffs at Westlock on Sept. 7, losing to Westlock and Morinville. Hughie Allen was voted Most Valuable Player for the season.

A good deal of interest is being shown in soccer this fall with 36 fellows participating. The ladies team so far has been rather inactive. How about that, girls? If you are interested, call Diane Hartley at 921-3512.

Congratulations and best wishes to Mr. Charles Lewis on the occasion of his 84th birthday on Sept. 17th.

There was a very good turnout for the kindergarten meeting held on September 4th. Morning and afternoon classes will go again this year and are being held in the portable classroom. The kindergarten executive are - President, June Serediak; Sec. - Marg Romanouski, Parent Roster - Gail Burnham; Field Trip Organizer - Dorothy Kolbi.

Remember Bingo - Sundays at 7:30 p.m. in the Bon Accord Community Centre.

Bulk honey is available at Market Days, Wednesdays from 4 - 7 p.m. Bring your own container.

Cardiff Column

By Florence Vranas

A sincere welcome to the following families who have moved to Cardiff recently: Clifford and Elaine Shoul with children Michael, Bill and Gay.

Bill and Shirley Campton with infant daughter Marcy.

Peter Nouwen Jr. with wife Laurette and five year old son Garry who have moved in with John Nouwen after their parents' recent move to B.C.

John and Peggy Keith and children Cory and Michael have returned to their home after having been gone for some time. John is now

employed as senior assistant to the postmaster in Morinville.

Mrs. Marie Lasek from Elkhorn, Manitoba, spent a week at the home of her brother Chris Knoll. Mrs. Lasek accompanied her niece Colleen Knoll home after Colleen had been her guest for a three week holiday.

August and Celia Kruse accompanied by Florian Iscke and John Volmer were among a group of 26 people who left by bus for a tour of the north via Lobstick Tours

on August 14. Their first stop was Dawson Creek then off to Fort Nelson, Watson Lake and on to Whitehorse.

They toured this beautiful city of 13,000 with visits to a three storey log sky-scraper; Sam McGee's cabin, the old log Church and various other points of interest including a trip down the scenic Yukon River on the M. V. Schwatka. That evening they enjoyed a live theatre comedy of '98 "The Frantic Follies."

On August 20 they left Whitehorse on the "White Pass and Yukon Railway" through some of the most awe-inspiring scenery of the north. At Lake Bennett lunch was served Klondyke style from large crockery pots of beans, stew and apple pie to several hundred tourists.

At Skagway they enjoyed live theatre once more, toured the Skagway River to a hillside lookout above the city, visited old graves of Soapy Smith and Frank Reid to name a few, and the museum. The Golden North Hotel was fabulous with the decor of each room com-

pletely different with authentic antiques.

They spent the next three and one half days aboard the S. S. Xandu and travelled via the inside passage from Alaska to Vancouver with stops at Sitka and Wrangle Islands. In Vancouver they toured Stanley Park, the Botanical Gardens, Rose Gardens and many more beautiful parts of the city. The group arrived back in Edmonton on August 26 by train, glad to be home but with many new friends and happy memories.

Another group who decided on a vacation in the north country this summer were Herman and Anas Kieser, Mose and Laura Como and Frank and Cathy Como. Some of the points of interest visited were Whitehorse, Dawson City and Fairbanks, Alaska. They boarded a ferry at Haines Alaska and disembarked at Prince Rupert where they continued their journey home having enjoyed a wonderful two and one half weeks of holiday.

Joseph Meunier passes away at 92

Morinville resident Joseph Meunier passed away at 92. A Mass of the Resurrection was celebrated Monday evening September 1, 1975, with Rev. G. H. Primeau, Rev. L. Tellier and Rev. V.

Bureau officiating in St. Jean Baptiste R.C. Church in Morinville for Joseph Meunier who died in Sturgeon General Hospital Friday, August 29. Rev. Lucien Tellier, grand

nephew of the deceased gave the Homily. Rev. Father G. H. Primeau celebrated the burial Mass Tuesday morning and interment followed in the local church cemetery. Pallbearers

were six nephews: Mr. Gustave Meunier, Mr. Ernest Meunier, Edouard Meunier, Emile Como, Robert Hebert and Adrien Hebert. He is survived by one daughter Mrs. Lorette

Champagne, two sons, Raymond of Coeur D'Alene, Idaho and Phillippe of Fabreville, P.Q. 10 grandchildren and 30 great grandchildren. One sister Mrs. Anna Como of Chateau Sturgeon in Legal. Joseph Meunier (1882) a native of St. Monique, Quebec came west in 1891 with his parents, two sisters and four brothers.

In 1908 he married Louisa Comeau, from this union they had two sons and one daughter, Phillippe, Raymond and Ezilda.

On July 5, 1920, in the old St. Albert Church he married the former Emilda Hebert, who pre-deceased him March 29, 1971. One child, a daughter, Lorette was born of this union. The family continued to farm west of Morinville until 1938 when the family moved into town, but Mr. Meunier continued farming until he retired in 1954. Prior to the retirement of Mr. and Mrs. Jos Meunier to Chateau Sturgeon October

JOSEPH MEUNIER passes away at 92

1970 the couple had celebrated their golden wedding anniversary on July 11, 1970. In June 1974 Mr. Meunier, after a short illness moved to the Youville Home in St. Albert and remained until his death, which occurred at the Sturgeon General Hospital. A sincere expression of sympathy to his family on behalf of the entire community.

MORINVILLE MEMOS

By Marg Bentz

Farmer's Market is still going strong every Saturday at 10 a.m. The location has moved to the multi-purpose building instead of the arena. Budgetminded shoppers will certainly appreciate the good produce and low prices. Everyone is welcome to attend.

Curling registrations are still being accepted. Contact Ed Kryskow at 939-4243 for further information. There will be a curling organizational meeting September 24 at 9 p.m. All interested curlers should attend.

Don't forget the Lions Club blitz on September 15, 16 and 17 for their annual

Birthday Calendar. Order forms will be pre-mailed to residents of Morinville and surrounding area. These may be returned by mail if you miss the canvassers Blitz Night.

Annual Student's Union frosh dance will be held Friday, September 12 at the Recreation Centre. Music by "Head Wind" and admission is \$2.50 per person. Everyone is welcome.

On Sunday, September 7, 65 people enjoyed the United Church 50th anniversary barbecue held at the International Building. Armor Middleton, Don Brown and Jim Robinson were kept very busy as chefs and they must

have done a good job, as people were coming back for seconds and thirds. A sincere thanks to Armor Middleton who supplied all the steaks and hamburgers. They were delicious. Thank you to the ladies who supplied the rest of the food such as salads and desserts.

The next meeting of the Morinville United Church Ladies Aid will be held at the home of Mrs. Marge Rockwell on Tuesday, September 16, starting at 8 p.m. sharp. All ladies are welcome. We encourage newcomers to join us at our meetings. For further information please call Jean Robinson 939-4153 or Marge Rockwell 939-4188.

Cub registration will be held on Monday, September 15, at Sturgeon Regional Recreation Centre (Cunningham School) between 7 and 8 p.m. Parents must register their boys.

The Legion is having a dance on September 13 at 9 p.m. at the Legion Hall. The draw for the raffle of the colour T.V. and the black and white T.V. will be held. All Legion members are urged to return their raffle tickets

immediately or suffer dire consequences.

Registration for figure skating will be held on Tuesday, September 16, at 7 p.m. at the arena. For advance registration contact Rena Bland at Drayden Insurance. Fees payable at registration.

Morinville Seniors smashed Bon Accord 10 - 2 (Sunday, Sept. 7 at 2:30 p.m.) to gain an appearance in the finals against Westlock at 5:15 p.m., which they lost 9 - 1.

The Morinville Guides and Brownies will hold their annual fall rummage sale, Tuesday, October 21 at the Recreation Centre. Any donations may be dropped off at Mrs. R. Anderson's, 9920 - 101 Street.

The ice plant was started on Monday, September 8, and ice should be in by September 15.

Reader's co-operation in telephoning or bringing in the news is much appreciated and as early in the week as possible. Please phone 939-4145 or drop off at 9901 - 99 Avenue.

Registration for Morinville Drum and Bugle Band will be held on Wednesday, September 17th at 7 p.m. at Rec Centre. Town and country residents are welcome, parents are welcome, parents are asked to come and register their children.

Better wheat yields next year begin with Avadex *BW this fall.

Wild oats can rob your wheat crop of vital nutrients and moisture. With Avadex *BW premergence herbicide by Monsanto you can control wild oats before they get started. And with fall applied Avadex *BW granules, you can get another big advantage: you can have more time next spring for essential planting jobs. Earlier seeding means a longer growing season. Ask your farm chemicals dealer for Avadex *BW herbicide by Monsanto.

Always read and carefully follow the Avadex *BW label instructions.

*Trademark of Monsanto

Only One Year Old - 1089 sq. ft. Bungalow with finished R.R. and Bd'm in basement. Good sized lot in new subdivision.

GIBBONS NEWS

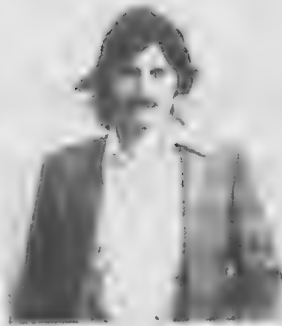

By Karen Hogg

The Village of Gibbons Town Office are pleased to announce the employment of Chris Bray for the new position of Development Officer for Gibbons. This is a brand new position for the town and one which the council felt was needed for the way we are developing so fast.

The position deals with zoning bylaws, development activities, permits, or any problem you may be having.

Chris is a graduate of the University of Calgary Faculty of Social Welfare. He has had training in community development and is quite anxious about his new position. Chris' wife will be attending the U of A until Christmas and she is also in the same faculty.

They are avid cross country skiers and handicraft bugs.

CHRIS BRAY

The two are both looking forward to meeting the community and getting involved in community affairs. At the moment they have bought a house in Gibbons, but it will not be ready until Christmas.

Chris will be in the town office, so anyone with a problem or would just like to meet him, go down and do so.

Anyone interested in tap dancing, please attend lessons Saturday morning in the Hall, or contact Mrs. Marion Nicholson at 455-5469. There's still room for more dancers.

June Fraser, with 12 years of study and three years teaching experience, will be starting up another season of Highland Dancing lessons at her home near Gibbons. Classes will be organized for girls, boys, and even adults. Anyone interested please phone 799-9580 after 6 p.m. Registration night, Monday, September 15 at 7 p.m.

The women of the Anglican Church of Gibbons are planning a garage sale, to be held on Saturday, September 20, in Toane's Garage. Toane's live just north of the Gibbons elevators, across the railroad tracks from the new Marlo housing development. All types of articles will be offered for sale: antiques, furniture, appliances, used clothing, records, houseplants, homemade bread and buns, pure Alberta honey. The sale commences at 1 p.m. Tea will be served. Any donation for this sale will be cheerfully accepted.

The Hall Board will be holding their regular meeting on September 10 at 8 p.m. Usually their meetings are every third Monday at 8. The public is reminded they are always welcome to come and attend these meetings.

The Gibbons Library which in the back of the town office would like to remind everyone of their hours. Monday 6:30 p.m. - 9 p.m., Thursday 12:30 p.m. - 3 p.m., Friday 4 p.m. - 6 p.m. They have several new books for any age group. For the younger set they just received some new Sesame Street books.

The rest of their big selection of old and new books are mysteries, westerns, romances, adventures, along with a good selection of pocket books.

The Legion Ladies are reminded of their regular meetings which are the first Monday of every month, and are held in the Legion Hut at 8 p.m.

Registration for Brownies and Girl Guides will be on September 15 at 7:30 p.m. in the hall. Any parent wanting their children registered are asked to do so as this will be the only chance to get them in for the year.

The Pythian Sisters of Gibbons, Jubilee Temple, held their regular meeting on September 4. This was a special meeting as Martha Bell, Grand Chief, of the Prairie provinces was visiting. A special lunch was served. Anyone interested in joining this organization is asked to call Mrs. Hazel McLean - 799-9235.

Congratulations to Mr. and Mrs. Richard Rhoades of Gibbons on the birth of their new daughter Jodi Rae 4 lbs. 7 ozs. Proud grandparents are Mr. and Mrs. Gordon Rhoades of Edmonton, Mrs. Josephine Roberge of Kelowna and Mr. Lucien Roberge of Edmonton.

On September 1st Mrs. Lynn Coley with daughter Rhonda and parents Mr. and Mrs. Fredericks set out for a trip down to the States, destination Portland, Oregon. They will be visiting relatives along the way. On the return trip they will be going through B.C. stopping at Kamloops for more visiting. Ron will be baching for two

weeks.

A reminder that anyone wanting to have news put in the paper is asked to phone me at 799-9384 or Post Office Box 21. Thank you.

By Shirley Steinwand

BROWNIES AND GUIDES

A registration meeting for Brownies and Guides will be held on Monday, September 15, 7:30 p.m., in the Gibbons Community Hall.

If your daughter is not registered on the 15th, she will not be able to do so at a later date.

This is the only registration.

Please do not send or bring your children.

Parents must register their girls.

We will also require a new Guide Captain. If a captain is not found at the meeting, Guides will be unable to continue.

For more information, contact Shirley Steinwand, at 799-9149, evenings.

CUBS AND SCOUTS

A registration meeting for Cubs and Scouts will be held on Tuesday, September 9 at 8 p.m. in the Gibbons Community Hall.

Parents must register their sons. Please do not bring your children. For more information, please contact Wayne Reap at 799-9535.

THANK YOU

On behalf of all the parents who had boys attend the recent Kipling, we would like to thank their leaders, Mr. Gary Cuthbert (skipper) and Mr. Floyd Nelson (counsellor) for taking time out from their own holidays to show our young boys what the great outdoors is all about. Thank you Gary and Floyd from Greatful Parents.

Thank You

We wish to express our deepest gratitude to our friends and neighbours for the spiritual offerings, floral tributes and expressions of sympathy we received on the death of our beloved father, Joseph Meunier.

Special thanks to the staff of the Youville Home, and Sturgeon General Hospital who contributed so much to his comfort and happiness during his stay there.

THE JOS. MEUNIER FAMILY.

School Board News

Thanks to the cooperation of the Home and School Association your School Board will periodically be informing you of events and activities related to the school system.

Our first news item of interest is the hiring of Mr. Tom Grinnell as assistant superintendent, North Central Catholic Schools Joint Superintendency, effective September 1, 1975. In this role Mr. Grinnell will be assisting Mr. Norman Trethick, our superintendent, in

the administration of the schools included in the joint superintendency, namely: Westlock, Whitecourt, Drayton Valley, Wetaskiwin, Ponoka and Morinville.

Tom Grinnell has been in the Westlock school system for the past 13 years, 11 of which he has served as a school administrator. During his time in Westlock, Tom has been recognized as a leader in education and a leader in the community. We feel fortunate indeed to have him on our staff.
